

CITY OF APPLETON

MEMORANDUM

Date: 07/15/2026
To: Municipal Services Committee
From: Connor Deeg, E.I.T., Traffic Engineer
Subject: Request to award Unit Q-26 Pavement Marking Maintenance Contract (Paint) to Crowley Construction Corp., in an amount not to exceed \$43,026.73

Department of Public Works (DPW) Traffic Section obtained proposals for *Unit Q-26 Pavement Marking Maintenance Contract*, due June 23, 2026, as a means of establishing unit prices for this annual maintenance contract, which generally involves the installation and replacement of transverse waterborne pavement markings (paint) throughout the City.

DPW solicited quotes from five companies, and two quotes were received. Crowley Construction Corp. of Wauwatosa, Wisconsin, submitted the low quote with a total amount of \$38,026.73.

Based on this, DPW requests award of the contract to Crowley Construction Corp., in an amount not to exceed \$43,026.73 (which includes an additional \$5,000 for unanticipated work). This dollar amount is based on available budgeted funds for pavement marking maintenance, as well as pavement marking maintenance to be completed for Parking Utility.
