INVESTIGATION:

On 06/14/2005 at approximately 1300 hours, I was advised that a Laura J. Smith was in the lobby to speak with me regarding some complaints she was making about past crimes she wanted to speak with me regarding her ex-husband, James K. Smith, Sr. Laura Smith had contacted the Appleton Police Department several days ago and expressed an interest in wanting to speak with officers regarding possible crimes which occurred in the past. She also apparently had relevant information regarding the current status of a domestic incident which had occurred on approximately 05/04/2005, incident number 050504-017033.

I met with Laura in the APD lobby and asked her to accompany me to the interview room adjacent to the lobby. Laura did so. It should be noted I did coordinate for Victim Crisis Response worker, Jodi, to accompany me in the interview process as I understood that this would be difficult for Laura as she had a long history of abuse at the hands of James Smith.

I also coordinated with the Harbor House facility, talking with Wendy at Harbor House, for a possible multi agency response for Laura's needs. I met with Laura in the interview room located adjacent to the APD lobby and introduced myself to her. After several minutes of introductions by me and Jodi, the VCR, Laura began to explain why she wanted to speak with officers. Laura explained she is very fearful and afraid for her safety and that of her children, because of her ex-husband, James Smith. Laura states that for approximately 20 years, James had physically and emotionally abused her, and also acted in very strange ways. Laura stated that just now she is obtaining the strength and constitution to face the situations and also to remain strong and not give into James wanting to make amends

with her. Laura states she did file for divorce and the divorce proceedings are following through. Laura states she is separated and the divorce is soon to be finalized.

It should be noted that Laura was very emotional during this entire interview and she seemed extremely truthful. Laura stated in the past she had lied to police officers regarding James' behavior as she was very afraid for her safety and that of her children after the police would leave. Laura states she now realizes this was a mistake and states that she understands how James' behavior is not going to be corrected or changed. Laura states she believes there is something [redacted] with James and he will never change. Laura also stated she wanted to make me aware of the full scope of the situation so that when James was released, she would be able to get help from the police department. I assured Laura I would be available to help her in anything she needed, and also that I was coordinating with Wendy from Harbor House to come up with some kind of response plan for her. Laura explained to me that she had already been in contact with Wendy from Harbor House and Wendy was her legal advocate. Laura explained she has been getting help and support from Harbor House for some time. I congratulated Laura for her realization and we continued our discussion from here.

Laura stated that in the past her husband has apparently damaged several vehicles which apparently cut him off in traffic, and caused other disturbances. While mentioning some of these things, she also mentioned that James sometimes would get mad at her and leave for several days at a time. Laura states she thought that when James would leave, he would go to an address above Tennies Jewelry, which she described as [redacted] and stay with his friend whom she described as "Rahb." Laura stated she was very leery of Rahb and stated she also believed Rahb had [redacted] as well. Laura described an incident where they were boating when Rahb decided to grab onto the wheel of the boat, as it was in operation, and attempt to capsize the boat. She said Rahb apparently started chanting something indiscernible, and then he jumped over the side of the boat. Laura described several other situations which were strange in nature, regarding Rahb's behavior. She also stated she believed Rahb might possibly either use or sell drugs. Laura believed this just based on her observations of his behavior and also observations of her husband's behavior.

Laura stated that when James would return home after staying with Rahb, he would sometimes break into her house in the middle of the night wearing all black clothing. Laura stated she would hear some movement in the basement area or the first level of the house and when she worked up enough courage to turn the lights on, she would find her husband standing in the middle of the living room or some other type of room, wearing completely black clothing and carrying a

flashlight. Laura stated this would be in the early morning or evening hours and stated she would question James as to why he was acting this way. James would tell her to "shut up" and say things such as, "This is my house, I'll do what I want."

Laura stated these incidents all happened in the past and did not happen recently. Laura gave me this information so that I would be aware of James' state of mind.

It should be noted that I've had contact with James Smith in the past in domestic situations. I am also aware of other officers who've had previous contact with him and also have described strange and unusual behavior.

Laura also related to me other facts which were not relevant at this time to this particular investigation.

Laura stated she is getting concerned as her son, citizen contact James Smith Jr., sometimes would also stay at the address with Rahb Kettleson at [redacted] Laura states recently James Jr., who they call "Jimmy", has been acting strange and more and more violently towards her. Laura states she believes Jimmy blames her for staying with James an creating the family problems which they are now experiencing.

Laura states this upsets her greatly as Jimmy has apparently witnessed James physically and mentally abusing Laura several times. Laura states Jimmy is also mentally abused by James Sr.

At this point Laura related to me that James Smith Sr., during their last domestic episode, had apparently stolen her cell phone, which she used often. She stated she believes James took her cell phone out of her purse while she was in the shower. Laura states this because she saw James enter the bathroom area where she was taking a shower, grab onto her purse, and then run out of the bathroom area. Laura had apparently followed James at the time and demanded her purse back. James did not return the purse back, but later Laura found it in the rafters of the residence. Laura states when she searched her purse, she did not find her credit cards or her cell phone. Laura stated she purchased the Motorola cell phone, buying two - one for her and one for her husband, James. Laura stated both of these cell phones were missing.

In addition, Laura stated her daughter, who is an adult, was also missing her cell phone. She indicated to me this incident was reported to the police. Also, she believed that Renee thought that James Smith Sr. was a plausible suspect in the theft. Reference incident number 050510-017969 for the theft report.

After having this information, Laura stated she believes it's a very sad situation and James scares her greatly. Laura stated she was looking for assistance when James gets out of jail, for any kind of surveillance or assistance in keeping James away from her. Laura stated she has a four year restraining order, which was awarded to her to keep James away from her. I assured Laura I would assist her in any way possible and gave her contact phone numbers for the police department and me. I also told Laura that Harbor House was an excellent resource and that when James is released, Outagamie County Jail will contact Laura, through Harbor House. I also asked the Outagamie County Justice Center to contact me, giving them my cell phone number and home phone number, when James is released from jail. This was done so that a response plan could be implemented at that time.

It is believed, however, that James Smith Sr. has a $5,000 bond, which he will be unable to raise. Laura agreed that James will probably be in jail for a long time and states that he has no ability to get out of jail at this time.

After several more minutes of discussion about safety issues and other advise to Laura, I ended my interview with her at this time.

Based on the information Laura had given me, I decided to contact the Outagamie County Justice Center to see if it was possible to obtain phone records or James contacting anyone. I contacted the Outagamie County Justice Center and spoke with the on-duty sergeant. The on-duty sergeant told me it was very possible to get James' phone records, as they are all issued inmate ID numbers. These inmate ID numbers are entered into the phone anytime they use the phone. These phone calls are all recorded and available on a computer system, which they have available at the time. I asked the OCJ sergeant to make me a copy of these phone calls, which he indicated there were approximately 15 to possibly 17 calls, which James Smith Sr. had made from the OCJ.

On 06/16/10025 at approximately 0630 hours, I (Sgt. Pynenberg) listened to the CDs, which the OCJ staff sergeant had provided to me and given to Sgt. Gurnee earlier, on approximately 06/15/2005, for me to listen to.

Sgt. Gurnee picked these CDs up from the OCJ sergeant and placed them in my mailbox at the police department. It should be noted that the police department is a secure building and that only employees are allowed inside and access to the mailbox system.

I opened a manilla envelope with my name on it containing two CD discs. These were both labeled, one being CD number one and the other being CD number two.

On CD number one, there were several conversations which James Smith had identified that he was speaking to a Rahb party, who lived [redacted] The conversation described the residence and also the fact that he was talking with Rahb.

In one of the conversations, James Smith is talking to the Rahb party on the phone and states something to the effect of, "Those three phones, put them out of sight. That's enough for now, this is a taped line."

Based on this conversation, I believe this to refer to the three cell phones which would have been in James Smith's possession, had he taken them from the residence at [redacted] on the night of the domestic. The phones would include his phone, his wife's phone (Laura), and also his daughter's phone (Renee Smith).

The remainder of the disc contained other conversations which I did not believe to be relevant to the investigation. On CD number two, however, on the first track, approximately one minute into the conversation, again James Smith is talking with a party by the name of Rahb and states something to the effect of, How's it going. At that time the Rahb party responds with, "Jimmy and I did a couple of lines last night."

Based on my other conversation with Laura, I understood Jimmy to mean James Smith Jr., and also understood the phrase - did a couple lines - to possibly mean, based on my experience and training, to inhale cocaine. I believe this because cocaine is usually, when inhaled, placed in thin piles, which represent lines.

Based on this information, I decided that after a court hearing, which I agreed I would attend with Laura Smith at the Outagamie County Court Commissioner, per her request, I would consult with the OCDA's office and see if a warrant could be obtained for the address of [redacted]

I did some in-house research in the APD computers and identified the party by the name of Rahb Kettleson living at [redacted] I also noted that in-house he had several contacts, including a few for drug-related type offenses.

This information, which I was obtaining from in-house computers and from the phone conversations between James Smith and Rahb Kettleson, seemed to corroborate what Laura told me during the initial interview.

It should be noted that on 06/16/2005 at approximately 0800 hours, I attended a court hearing for property placement for the divorce

proceedings between Laura and James Smith. James was still incarcerated in the OCJ and was brought down by a deputy. Upon initial contact, James Smith demanded to know who I was and stared at me for several minutes. I told James he should stop staring at me, and I identified myself as a police officer with the Appleton Police Department. James Smith, during the entire hearing, was very agitated and very upset at the entire situation.

The issue of the cell phones did come up during the discussion of the property and the Family Court Commissioner judge who was hearing the case at the time asked James Smith where the location of the cells phones was, which were missing. James replied, "I don't know" several times. He denied any knowledge of the cell phones or knowing where they might be. It should be noted that this was during a Family Court Commissioner proceeding; however, there was not a court reporter in the room at the time. This seemed to be a very informal process and I asked the judge, after the proceeding, if anything was recorded while the proceedings were taking place. The judge indicated they were not recorded proceedings.

At this point I left Laura Smith, after talking with her for several minutes, and went to the DA's office. I spoke with Winn Collins, OCDA, and described the situation. Winn Collins believed there was enough probable cause for the warrant for the cell phones and possibly drugs, including cocaine or other type of paraphernalia. Winn Collins prepared an Affidavit for Search Warrant, at which time I reviewed it, agreed with the information, and accompanied him to Outagamie County Judge Des Jardins' chambers. Judge Des Jardins signed the search warrant; however, wanted us to revise the warrant and not include the drugs. He felt the beginning statements were vague and asked us to search only for cell phones.

As I was leaving the judge's chambers, I spoke with the DA, Winn Collins, and asked him what I should do, should I encounter any type of paraphernalia or drugs in the residence during my search for the cell phones. He indicated we should stop the search and contact him for a new search warrant.

At this point I made contact with Lt. Olm and Sgt. Chuck Desmond to inform them of the situation. Lt. Olm was apprised. I also informed Sgt. Desmond that I would probably be serving a search warrant in a short time with some indication of possible drug activity. Sgt. Desmond arranged for several MEG Officers to meet with me at the APD, including MEG Officers Brezewski and Feucht. There were other MEG officers who assisted me at the time as well.

I also had a uniformed officer, Sgt. Keith Bredael, accompany me to the residence for a uniform presence.

After a quick briefing at the APD regarding possible modes of operation for serving the actual search warrant, we left the APD and responded to the address of [redacted] Upon entry into the building, we knocked on the apartment door several times. A party who later identified himself as Rahb Kettleson, answered the door. Officers made entry without damage or incident and informed him of the search warrant. I told him immediately that the search warrant was looking for cell phones, and Rahb Kettleson stated, of his own volition, "I know exactly the cell phones you're talking about. James gave them to me, and I'll give them to you." I told Rahb I appreciated his cooperation; however, I wanted to ensure the evidence was taken into custody properly. The warrant was served and the residence was searched by me and the other assisting officers.

It should be noted I did prepare a sketch laying out the general layout of the apartment, which was a two level apartment, and also the location of the items that were found. During the search; however, on level two, I located within closet number two, a large bong, which included the odor of THC and also a large amount of residue located within the bong device itself. Based on the fact that I had a bong upon initial contact in the first area that I searched, I stopped my search, informed the other officers to stop their search, and responded back to Winn Collins' office to get a new search warrant.

Outagamie County DA Winn Collins did prepare a new search warrant including drugs and other paraphernalia, which was also signed by Judge Des Jardins.

I returned to the address of [redacted] and searched the new search warrant on Rahb Kettleson.

After the conclusion of the search, several items of note were located. Many items of evidence were taken into custody, including several plastic baggies including green, vegetable matter; a large amount of cash, and several other items including THC paraphernalia, including screens, seeds, pipes of all sorts, and scale devices used for measuring. We also found other materials located within the area where several other baggies with green, vegetable matter, which had the appearance and odor of THC, based on my experience and training, which were of an unknown nature. These items will be tested by the APD Identification Section.

As I was searching the residence, I also encountered a file, which stated on the top "Sexuality." I thought this odd and checked the inside of the folder for any evidence of a ledger or any other type of drug information, and I located several articles which referred to talking about sex with children. I asked Rahb Kettleson, who was

still in the room, if James had any children. Rahb said that he did not have children. This raised my curiosity and at one point, one fo the MEG Unit officers had apparently placed a videotape, which he had found on the floor and was unmarked, into a VCR unit on level one of the apartment. When he pushed play, I saw that it appeared as if the party, Rahb Kettleson, was videotaping himself in a sex act. Rahb Kettleson was [redacted]

At this point it was decided to contact Inv. Nofzinger, as he was the sensitive crime/sexual crimes investigator for the APD. I advised him of what I had discovered. Inv. Nofzinger suggested that I attempt to get the items from Rahb, with his consent.

At this point I asked Rahb if I had his consent to remove the videotapes from his apartment and some of the other items which Inv. Nofzinger may be interested in concerning child pornography. Rahb Kettleson denied that he had any involvement in child pornography and stated he was only involved in adult type activities. I asked Rahb if I had his permission to remove these items to the police department and view them to ensure that this was the case. Rahb stated I could take anything that I wanted from the apartment and he did not have anything to hide. Rahb gave me consent to take the videotapes from the apartment to the police department and view them to ensure there was no child pornography activities.

I did read to Rahb Kettleson his Miranda rights and asked him if he would answer questions about what had happened. Rahb stated he would answer questions; however, when I asked him specific questions regarding the cell phones or the drugs, Rahb did not provide any specific answers. Rahb stated, "I don't have to answer questions about that stuff."

It was also interesting when all of the officers who were assisting me started finding large amounts of towels and other linens, which appeared to be brand new and still bundled in twine and other types of ribbon material. There were hundreds of towels piled in all sorts of closets and areas within the apartment, which investigators continued to find. I questioned Rahb about this, and he denied any knowledge of the towels and where they had come from. Rahb told me a few times that he just had them. I asked Rahb several times where he had gotten the towels from, and he stated he just got them. I told Rahb that his answers were not making sense, and I asked him to clarify what he meant by this. Rahb stated he did not have to answer anymore questions about the towels.

I found documentation within the apartment that Rahb had apparently worked for Gunderson Cleaners at one point, and I also found several

items marked with Gunderson Cleaners, including some uniforms and other work related type clothing. At this point I contacted Gunderson Cleaners and spoke with Doug Gunderson, who told me that Rahb was an employee of theirs approximately a year and a half ago; however, he was released from employment as he had tested positive for cocaine during a driver test. Doug told me Rahb had apparently operated delivery vehicles for Gunderson Cleaners. Doug told me he was very interested in seeing the towels and stated the linens probably belonged to Gunderson Cleaners and were stolen without his consent.

It should be noted that by this time most of the evidence had been recovered, which included several baggies of green, leafy vegetable matter and other paraphernalia, as well as a large amount of cash from the residence. All of the items were packaged by the supporting officers and given to me in a large container. All of these items were inventoried at the APD and listed on the APD property forms. I also coordinated the location of the items found on the sketch, which I had completed and included with my written report.

After some time, Doug Gunderson responded to my location, per my request. Doug immediately identified the towels and also gave me several verbal indications that he was positive these items were stolen from Gunderson Cleaners. Doug gave me a written statement regarding this and also began coordinating for removal of all of the towels. Doug told me he would inventory all of the towels and other items, which he believed belonged to his business and were taken illegally. Doug told me this estimate would be over $1,000 and he would provide this complete estimate to me by tomorrow's date, 06/17/2005.

Doug arranged for several employees from Gunderson Cleaners to respond to the address and take custody of the towels. I had Doug sign an evidence sheet, releasing the items to him. It should be noted that I did have an identification technician, Sgt. Clay Klotz, respond to the address and take photos of many items of contraband, as well as all of the towels inside of the location of where they were located and found. These towels were too numerous to inventory at the time and will take a concerted effort from Gunderson Cleaners to inventory all of the items.

All of the towels and other items were removed from the apartment by Doug Gunderson and his employees.

It should be noted that Sgt. Klotz and Sgt. Bredael transported Rahb Kettleson to the Outagamie County Justice Center, per my request.

It also should be noted that I did remove the videotapes and other items which Rahb Kettleson had given me permission to remove, and

took them into my custody as well. These included several adult videotapes and other unmarked videotapes, which I had inventoried at the Appleton Police Department.

Once at the APD, Officer Leitzinger and Officer Peeters assisted me in inventorying all of the items taken from the apartment at [redacted] These items were inventoried on several sheets and recorded by Officer Peeters, Officer Leitzinger, and me.

I then returned to my desk and made a phone call to Laura Smith, advising her of th situation. I told Laura the cell phones were recovered inside Rahb Kettleson's apartment and they match the description given to me by the report, which Renee Smith had filed. Laura Smith was relieved and also stated that she felt better about the situation.

ARREST/CUSTODY INFORMATION:

The defendant, Rahb Kettleson, was arrested for possession of THC with intent to deliver, WI §961.41(1m)(h); possession of drug contraband, WI §961.573(1); and two counts of possession of stolen property, WI §943.34(1)(a). He was placed at the Outagamie County Justice Center.

The defendant, James Smith, Sr., was also arrested for possession of stolen property, WI §943.34(1)(a).

CASE STATUS AND DISPOSITION:

This case will be cleared by arrest.

END OF REPORT.

SUPPLEMENTAL REPORT

SGT. PYNENBERG REPORTING

LOCATION: 320 S. Walnut St.

DATE/TIME OF FOLLOW UP: 06/17/05 at approx. 0843 hours

SUSPECT: Norbert J. Green
[redacted] DOB: 06/06/53
[redacted]

INVESTIGATION:

On 06/17/05 at approximately 0843 hours, I, Sgt. Pynenberg, went to OCJ in an attempt to have an interview with the AR Rahb Kettleson. It should be noted that Rahb was in custody for several charges and I arranged to have Rahb brought to the interview room located in OCJ.

Once I met with Rahb I told him I wanted to speak with him regarding charges that he was in the jail for currently and I told him I would need to read him his Miranda Rights. I did read his Miranda Rights off of the APD Form #113 and Rahb did sign the form and indicated he would answer questions about what had happened.

The first area which I covered with Rahb was the cell phone situation. I told Rahb I wanted to know everything he knew regarding the cell phones. Rahb told me that approximately a week ago or so, James had brought the cell phones to his house and decided to stay with him for one night. Rahb told me it was very low key situation and he did not ask James any questions about why he needed to stay with him. Rahb told me he saw that James had three cell phones with him but did not think to ask him any questions about the situation. Rahb told me that James simply was making a bunch a phone calls and was carrying a bunch of papers as well and didn't said nothing however was upset about the family situation that he was involved with. Rahb stated James told him he was in a fight with Laura and Laura was looking for a divorce.

Rahb told me he remembered that James had three cell phones and thought they were probably his family's cell phones and James had them in order to find evidence of the possibility of Laura cheating on him or other types of evidence of that nature. Rahb admitted he thought the cell phones were probably taken by James from his family without his permission but stated he was not involved in the actual taking of the cell phones nor did he want to be. Rahb however did

agree that he allowed James to keep the cell phones at his property as well as his other property that he had brought over that night.

Rahb stated it's not unusual for James to spend evenings at his house when James gets into an argument with Laura.

The next topic of conversation revolved around Rahb's statements of doing "a couple lines" during the taped phone conversation he had with James. Rahb told me that Jimmy, James' son, was in his apartment approximately two or three years ago and has not been in his apartment since then.

I asked Rahb about the comment which he made reference to lines which he was apparently doing with Jimmy and Rahb stated he did not remember making such a statement but stated he probably was joking. He stated again he never said anything like that. I told Rahb it was on tape and recorded and he did say something in reference to doing lines. Rahb again denied it and stated he didn't remember saying anything like that.

We then covered Rahb's usage of marijuana. Rahb stated he's been using marijuana approximately his whole life and stated he uses it recreationally from day to day. Rahb stated he has been smoking marijuana for at least 30 years and added he never sold marijuana to anyone. Rahb stated he uses it for personal use only. Rahb also added that he had never grown marijuana anywhere in his apartment or near it.

Rahb stated he has been working on and off for different companies through the years. Rahb stated he worked for Gunderson Cleaners for a short time but stated he was involved in an accident and was fired because of this accident. Rahb did admit to me that he was fired and also tested positive for THC after a blood test that he was required to take for the accident.

Rahb stated he also worked for a [redacted] calls him for odd jobs. Rahb stated these jobs are usually cash jobs and states that they pay him to assist other semi drivers load or unload different loads they are transporting.

Rahb also stated he worked for the Post Crescent for a short time in approximately 1997 to 1999, however, was released from employment but would not say why he was released.

It should be noted that I did caution Rahb not to have contact with Laura Smith or go to that residence on [redacted] I told him I was concerned about James violating his restraining order and having somebody violate the restraining order for him. I told Rahb that he

would be placing himself in jeopardy if he had any contact with Laura Smith. Rahb told me he understood and stated he didn't want to have any contact with Laura Smith and would not do so.

Rahb added that he is not a marijuana dealer however stated he has been getting his marijuana from the same guy for approximately 30 years. Rahb stated the last time he bought, he bought a quarter ounce for approximately $30 from this gentleman. Rahb refused to tell me who he was buying marijuana from. Rahb stated this gentleman has been a friend of his for approximately 30 years and he would not do anything to jeopardize his relationship with him.

The next interview I conducted was with the AR James Smith, Sr. This interview was also conducted on 06/17/05 at approximately 0948 hours.

James Smith was brought from the cell block at OCJ to the interview room located at OCJ and I read to him the Miranda Rights off of APD Form #113. James Smith did understand his rights and did consent to talking with me about what had happened.

I spent the majority of my interview with James establishing a rapport and also explaining to him why I was speaking with him. I explained to him the evidence which I had developed through the taped phone conversations he was having with Rahb Kettleson at OCJ. I explained to him some of the phrases which had piqued my interest during these conversations including talking about the cell phones and possible drug use. James had several questions regarding the evidence which I had discovered and what I planned on doing with this evidence. I told him that I had already acted on the evidence and had secured two search warrants for Rahb's apartment which were served the day before.

I told James approximately what had been discovered at Rahb's apartment and also some of the concerns I had with his possible contact with minors as it related to sexual contact.

James and I had a conversation about this and he indicated to me that he never saw Rahb with any minors in his apartment alone.

He also informed he never observed or heard of Rahb assaulting minors or any other person for that matter.

I then spoke with James about marijuana usage and James indicated to me that he was aware that Rahb had used marijuana for some time. James told me while he never directly observed Rahb using marijuana, he stated he was aware of Rahb using while James was in the apartment with him. James told me when he was in the military he was an occasional user of marijuana and stated he still used marijuana occasionally to this day.

James told me that Rahb was also possibly selling marijuana to minors but stated he was not exactly sure about this. James stated he felt Rahb probably sold to people whom Rahb was very familiar with. James told me these could be minors but stated they were most likely adults and other parties whom Rahb was very familiar with. James indicated to me that he did not want to testify against Rahb regarding these comments. James told me however that he was positive that Rahb would sell marijuana from time to time.

James also told me that he was also pretty sure that Rahb was receiving his marijuana from a party by the name of Norb Green. James also indicated to me that he did not want to testify regarding this and stated he had no further information about this. James stated he never saw Norb Green directly sell marijuana to Rahb but stated that he felt as if Norb Green was most likely his source, James added that Norb Green is the largest marijuana dealer in the Fox Valley area and stated he has been so for numerous years. James again reiterated the fact that he would not testify to this and stated he did not directly observe Norb ever using marijuana.

After this conversation, I had a long conversation with James about usage of marijuana. James indicated at one point that he had a small amount of marijuana and a marijuana pipe and some other related paraphernalia which was still at his old residence at the address of [redacted] James was very emotional about it and stated he wanted me to take the items out of his house so that his kids or any other children in the house would not get it.

James drew me a small map of his residence where the marijuana could be located. He requested that I respond to his residence and remove the items.

I concluded my conversation with James and contacted Laura Smith. I told her that I wanted to respond to her address and let her know what had been happening. Laura agreed and I responded and spoke with Laura for some time.

I updated Laura with the status of the investigations which I had initiated after speaking with her and also told her about the marijuana which was in her home. Laura and I went to the area where James had indicated on his map and did find a plastic bag containing a small amount of marijuana and a marijuana pipe. There was also some related paraphernalia including a lighter and some screens.

I told James I would not charge him with this item and transported the items from Laura's residence to the APD, placed them in evidence, had them tested, and then destroyed.

ARREST/CUSTODY INFORMATION:

No further arrests have been made.

CASE STATUS AND DISPOSITION:

This case remains cleared by arrest.

CONFIDENTIAL REPORT OF LABORATORY FINDINGS

Wisconsin Department of Justice
Division of Law Enforcement Services
State Crime Laboratory - Wausau
7100 Stewart Avenue
Wausau, WI 54401-8410
(715) 845-8626
FAX (715) 848-5833

Submitting Agency:

Chief Richard W. Myers
Attn: Scott T. De Broux
Appleton Police Department
222 South Walnut Street
Appleton WI 54911

Date: November 17, 2005

Lab Case: W05-2305

Agency No.: 050616-024538

Laboratory Analyst: KMV

Kim M. Vonnahme
Drug Identification

Case Name: Kettleson, Rahb J. (S)

I do hereby certify this document, consisting of 1 page(s), to be a true and correct report of the findings of the State Crime Laboratory on the items examined as shown by this report.

Peggy A. Lautenschlager
ATTORNEY GENERAL

DESIGNEE

Item	Description / Source
A	A heat-sealed ziplock plastic bag with a ziplock plastic bag containing a ziplock plastic bag (item A1) and a plastic baggie (item A2) with 4.85 and 6.63 grams of plant material.
B	A heat-sealed ziplock plastic bag with a ziplock plastic bag containing 25.97 grams of plant material.
C	A heat-sealed ziplock plastic bag with a ziplock plastic bag containing 5.69 grams of plant material.
D	A heat-sealed ziplock plastic bag containing 5.88 grams of plant material.
E	A heat-sealed ziplock plastic bag containing 8.45 grams of plant material.
F	A heat-sealed plastic bag with a plastic baggie containing plant material consisting mostly of seeds.
G	A heat-sealed plastic bag containing a container with 6.25 grams of plant material.
H	A heat-sealed plastic bag divided into three sealed sections containing: H1. a ziplock plastic bag with plant residue, H2. a plastic container with four plastic baggies containing plant material consisting mostly of seeds, and H3. a round tin containing 0.013 gram of plant material.

Examinations of the plant material from items A1, A2, B, C, D, E, and G identified the presence of Tetrahydrocannabinol, a substance from marijuana, which is controlled by Section 961.14(4)(t) of the Wisconsin Uniform Controlled Substances Act.

Items F, H1, H2, and H3 were examined visually only.

ADULT ARREST: (C) James K. Smith, Sr.
[redacted] DOB: 09/18/1951
[redacted]

INVESTIGATION:

On 06/14/2005 at approximately 1300 hours, I was advised that a Laura J. Smith was in the lobby to speak with me regarding some complaints she was making about past crimes she wanted to speak with me regarding her ex-husband, James K. Smith, Sr. Laura Smith had contacted the Appleton Police Department several days ago and expressed an interest in wanting to speak with officers regarding possible crimes which occurred in the past. She also apparently had relevant information regarding the current status of a domestic incident which had occurred on approximately 05/04/2005, incident number 050504-017033.

I met with Laura in the APD lobby and asked her to accompany me to the interview room adjacent to the lobby. Laura did so. It should be noted I did coordinate for Victim Crisis Response worker, Jodi, to accompany me in the interview process as I understood that this would be difficult for Laura as she had a long history of abuse at the hands of James Smith.

I also coordinated with the Harbor House facility, talking with Wendy at Harbor House, for a possible multi agency response for Laura's needs. I met with Laura in the interview room located adjacent to the APD lobby and introduced myself to her. After several minutes of introductions by me and Jodi, the VCR, Laura began to explain why she wanted to speak with officers. Laura explained she is very fearful and afraid for her safety and that of her children, because of her ex-husband, James Smith. Laura states that for approximately 20 years, James had physically and emotionally abused her, and also acted in very strange ways. Laura stated that just now she is obtaining the strength and constitution to face the situations and also to remain strong and not give into James wanting to make amends

with her. Laura states she did file for divorce and the divorce proceedings are following through. Laura states she is separated and the divorce is soon to be finalized.

It should be noted that Laura was very emotional during this entire interview and she seemed extremely truthful. Laura stated in the past she had lied to police officers regarding James' behavior as she was very afraid for her safety and that of her children after the police would leave. Laura states she now realizes this was a mistake and states that she understands how James' behavior is not going to be corrected or changed. Laura states she believes there is something [redacted] with James and he will never change. Laura also stated she wanted to make me aware of the full scope of the situation so that when James was released, she would be able to get help from the police department. I assured Laura I would be available to help her in anything she needed, and also that I was coordinating with Wendy from Harbor House to come up with some kind of response plan for her. Laura explained to me that she had already been in contact with Wendy from Harbor House and Wendy was her legal advocate. Laura explained she has been getting help and support from Harbor House for some time. I congratulated Laura for her realization and we continued our discussion from here.

Laura stated that in the past her husband has apparently damaged several vehicles which apparently cut him off in traffic, and caused other disturbances. While mentioning some of these things, she also mentioned that James sometimes would get mad at her and leave for several days at a time. Laura states she thought that when James would leave, he would go to an address above Tennies Jewelry, which she described as [redacted] and stay with his friend whom she described as "Rahb." Laura stated she was very leery of Rahb and stated she also believed Rahb had [redacted] as well. Laura described an incident where they were boating when Rahb decided to grab onto the wheel of the boat, as it was in operation, and attempt to capsize the boat. She said Rahb apparently started chanting something indiscernible, and then he jumped over the side of the boat. Laura described several other situations which were strange in nature, regarding Rahb's behavior. She also stated she believed Rahb might possibly either use or sell drugs. Laura believed this just based on her observations of his behavior and also observations of her husband's behavior.

Laura stated that when James would return home after staying with Rahb, he would sometimes break into her house in the middle of the night wearing all black clothing. Laura stated she would hear some movement in the basement area or the first level of the house and when she worked up enough courage to turn the lights on, she would find her husband standing in the middle of the living room or some other type of room, wearing completely black clothing and carrying a

flashlight. Laura stated this would be in the early morning or evening hours and stated she would question James as to why he was acting this way. James would tell her to "shut up" and say things such as, "This is my house, I'll do what I want."

Laura stated these incidents all happened in the past and did not happen recently. Laura gave me this information so that I would be aware of James' state of mind.

It should be noted that I've had contact with James Smith in the past in domestic situations. I am also aware of other officers who've had previous contact with him and also have described strange and unusual behavior.

Laura also related to me other facts which were not relevant at this time to this particular investigation.

Laura stated she is getting concerned as her son, citizen contact James Smith Jr., sometimes would also stay at the address with Rahb Kettleson at [redacted] Laura states recently James Jr., who they call "Jimmy", has been acting strange and more and more violently towards her. Laura states she believes Jimmy blames her for staying with James an creating the family problems which they are now experiencing.

Laura states this upsets her greatly as Jimmy has apparently witnessed James physically and mentally abusing Laura several times. Laura states Jimmy is also mentally abused by James Sr.

At this point Laura related to me that James Smith Sr., during their last domestic episode, had apparently stolen her cell phone, which she used often. She stated she believes James took her cell phone out of her purse while she was in the shower. Laura states this because she saw James enter the bathroom area where she was taking a shower, grab onto her purse, and then run out of the bathroom area. Laura had apparently followed James at the time and demanded her purse back. James did not return the purse back, but later Laura found it in the rafters of the residence. Laura states when she searched her purse, she did not find her credit cards or her cell phone. Laura stated she purchased the Motorola cell phone, buying two - one for her and one for her husband, James. Laura stated both of these cell phones were missing.

In addition, Laura stated her daughter, who is an adult, was also missing her cell phone. She indicated to me this incident was reported to the police. Also, she believed that Renee thought that James Smith Sr. was a plausible suspect in the theft. Reference incident number 050510-017969 for the theft report.

After having this information, Laura stated she believes it's a very sad situation and James scares her greatly. Laura stated she was looking for assistance when James gets out of jail, for any kind of surveillance or assistance in keeping James away from her. Laura stated she has a four year restraining order, which was awarded to her to keep James away from her. I assured Laura I would assist her in any way possible and gave her contact phone numbers for the police department and me. I also told Laura that Harbor House was an excellent resource and that when James is released, Outagamie County Jail will contact Laura, through Harbor House. I also asked the Outagamie County Justice Center to contact me, giving them my cell phone number and home phone number, when James is released from jail. This was done so that a response plan could be implemented at that time.

It is believed, however, that James Smith Sr. has a $5,000 bond, which he will be unable to raise. Laura agreed that James will probably be in jail for a long time and states that he has no ability to get out of jail at this time.

After several more minutes of discussion about safety issues and other advise to Laura, I ended my interview with her at this time.

Based on the information Laura had given me, I decided to contact the Outagamie County Justice Center to see if it was possible to obtain phone records or James contacting anyone. I contacted the Outagamie County Justice Center and spoke with the on-duty sergeant. The on-duty sergeant told me it was very possible to get James' phone records, as they are all issued inmate ID numbers. These inmate ID numbers are entered into the phone anytime they use the phone. These phone calls are all recorded and available on a computer system, which they have available at the time. I asked the OCJ sergeant to make me a copy of these phone calls, which he indicated there were approximately 15 to possibly 17 calls, which James Smith Sr. had made from the OCJ.

On 06/16/10025 at approximately 0630 hours, I (Sgt. Pynenberg) listened to the CDs, which the OCJ staff sergeant had provided to me and given to Sgt. Gurnee earlier, on approximately 06/15/2005, for me to listen to.

Sgt. Gurnee picked these CDs up from the OCJ sergeant and placed them in my mailbox at the police department. It should be noted that the police department is a secure building and that only employees are allowed inside and access to the mailbox system.

I opened a manilla envelope with my name on it containing two CD discs. These were both labeled, one being CD number one and the other being CD number two.

On CD number one, there were several conversations which James Smith had identified that he was speaking to a Rahb party, who lived [redacted] The conversation described the residence and also the fact that he was talking with Rahb.

In one of the conversations, James Smith is talking to the Rahb party on the phone and states something to the effect of, "Those three phones, put them out of sight. That's enough for now, this is a taped line."

Based on this conversation, I believe this to refer to the three cell phones which would have been in James Smith's possession, had he taken them from the residence at [redacted] on the night of the domestic. The phones would include his phone, his wife's phone (Laura), and also his daughter's phone (Renee Smith).

The remainder of the disc contained other conversations which I did not believe to be relevant to the investigation. On CD number two, however, on the first track, approximately one minute into the conversation, again James Smith is talking with a party by the name of Rahb and states something to the effect of, How's it going. At that time the Rahb party responds with, "Jimmy and I did a couple of lines last night."

Based on my other conversation with Laura, I understood Jimmy to mean James Smith Jr., and also understood the phrase - did a couple lines - to possibly mean, based on my experience and training, to inhale cocaine. I believe this because cocaine is usually, when inhaled, placed in thin piles, which represent lines.

Based on this information, I decided that after a court hearing, which I agreed I would attend with Laura Smith at the Outagamie County Court Commissioner, per her request, I would consult with the OCDA's office and see if a warrant could be obtained for the address of [redacted]

I did some in-house research in the APD computers and identified the party by the name of Rahb Kettleson living at [redacted] I also noted that in-house he had several contacts, including a few for drug-related type offenses.

This information, which I was obtaining from in-house computers and from the phone conversations between James Smith and Rahb Kettleson, seemed to corroborate what Laura told me during the initial interview.

It should be noted that on 06/16/2005 at approximately 0800 hours, I attended a court hearing for property placement for the divorce

proceedings between Laura and James Smith. James was still incarcerated in the OCJ and was brought down by a deputy. Upon initial contact, James Smith demanded to know who I was and stared at me for several minutes. I told James he should stop staring at me, and I identified myself as a police officer with the Appleton Police Department. James Smith, during the entire hearing, was very agitated and very upset at the entire situation.

The issue of the cell phones did come up during the discussion of the property and the Family Court Commissioner judge who was hearing the case at the time asked James Smith where the location of the cells phones was, which were missing. James replied, "I don't know" several times. He denied any knowledge of the cell phones or knowing where they might be. It should be noted that this was during a Family Court Commissioner proceeding; however, there was not a court reporter in the room at the time. This seemed to be a very informal process and I asked the judge, after the proceeding, if anything was recorded while the proceedings were taking place. The judge indicated they were not recorded proceedings.

At this point I left Laura Smith, after talking with her for several minutes, and went to the DA's office. I spoke with Winn Collins, OCDA, and described the situation. Winn Collins believed there was enough probable cause for the warrant for the cell phones and possibly drugs, including cocaine or other type of paraphernalia. Winn Collins prepared an Affidavit for Search Warrant, at which time I reviewed it, agreed with the information, and accompanied him to Outagamie County Judge Des Jardins' chambers. Judge Des Jardins signed the search warrant; however, wanted us to revise the warrant and not include the drugs. He felt the beginning statements were vague and asked us to search only for cell phones.

As I was leaving the judge's chambers, I spoke with the DA, Winn Collins, and asked him what I should do, should I encounter any type of paraphernalia or drugs in the residence during my search for the cell phones. He indicated we should stop the search and contact him for a new search warrant.

At this point I made contact with Lt. Olm and Sgt. Chuck Desmond to inform them of the situation. Lt. Olm was apprised. I also informed Sgt. Desmond that I would probably be serving a search warrant in a short time with some indication of possible drug activity. Sgt. Desmond arranged for several MEG Officers to meet with me at the APD, including MEG Officers Brezewski and Feucht. There were other MEG officers who assisted me at the time as well.

I also had a uniformed officer, Sgt. Keith Bredael, accompany me to the residence for a uniform presence.

After a quick briefing at the APD regarding possible modes of operation for serving the actual search warrant, we left the APD and responded to the address of [redacted] Upon entry into the building, we knocked on the apartment door several times. A party who later identified himself as Rahb Kettleson, answered the door. Officers made entry without damage or incident and informed him of the search warrant. I told him immediately that the search warrant was looking for cell phones, and Rahb Kettleson stated, of his own volition, "I know exactly the cell phones you're talking about. James gave them to me, and I'll give them to you." I told Rahb I appreciated his cooperation; however, I wanted to ensure the evidence was taken into custody properly. The warrant was served and the residence was searched by me and the other assisting officers.

It should be noted I did prepare a sketch laying out the general layout of the apartment, which was a two level apartment, and also the location of the items that were found. During the search; however, on level two, I located within closet number two, a large bong, which included the odor of THC and also a large amount of residue located within the bong device itself. Based on the fact that I had a bong upon initial contact in the first area that I searched, I stopped my search, informed the other officers to stop their search, and responded back to Winn Collins' office to get a new search warrant.

Outagamie County DA Winn Collins did prepare a new search warrant including drugs and other paraphernalia, which was also signed by Judge Des Jardins.

I returned to the address of [redacted] and searched the new search warrant on Rahb Kettleson.

After the conclusion of the search, several items of note were located. Many items of evidence were taken into custody, including several plastic baggies including green, vegetable matter; a large amount of cash, and several other items including THC paraphernalia, including screens, seeds, pipes of all sorts, and scale devices used for measuring. We also found other materials located within the area where several other baggies with green, vegetable matter, which had the appearance and odor of THC, based on my experience and training, which were of an unknown nature. These items will be tested by the APD Identification Section.

As I was searching the residence, I also encountered a file, which stated on the top "Sexuality." I thought this odd and checked the inside of the folder for any evidence of a ledger or any other type of drug information, and I located several articles which referred to talking about sex with children. I asked Rahb Kettleson, who was

still in the room, if James had any children. Rahb said that he did not have children. This raised my curiosity and at one point, one fo the MEG Unit officers had apparently placed a videotape, which he had found on the floor and was unmarked, into a VCR unit on level one of the apartment. When he pushed play, I saw that it appeared as if the party, Rahb Kettleson, was videotaping himself in a sex act. Rahb Kettleson was [redacted]

At this point it was decided to contact Inv. Nofzinger, as he was the sensitive crime/sexual crimes investigator for the APD. I advised him of what I had discovered. Inv. Nofzinger suggested that I attempt to get the items from Rahb, with his consent.

At this point I asked Rahb if I had his consent to remove the videotapes from his apartment and some of the other items which Inv. Nofzinger may be interested in concerning child pornography. Rahb Kettleson denied that he had any involvement in child pornography and stated he was only involved in adult type activities. I asked Rahb if I had his permission to remove these items to the police department and view them to ensure that this was the case. Rahb stated I could take anything that I wanted from the apartment and he did not have anything to hide. Rahb gave me consent to take the videotapes from the apartment to the police department and view them to ensure there was no child pornography activities.

I did read to Rahb Kettleson his Miranda rights and asked him if he would answer questions about what had happened. Rahb stated he would answer questions; however, when I asked him specific questions regarding the cell phones or the drugs, Rahb did not provide any specific answers. Rahb stated, "I don't have to answer questions about that stuff."

It was also interesting when all of the officers who were assisting me started finding large amounts of towels and other linens, which appeared to be brand new and still bundled in twine and other types of ribbon material. There were hundreds of towels piled in all sorts of closets and areas within the apartment, which investigators continued to find. I questioned Rahb about this, and he denied any knowledge of the towels and where they had come from. Rahb told me a few times that he just had them. I asked Rahb several times where he had gotten the towels from, and he stated he just got them. I told Rahb that his answers were not making sense, and I asked him to clarify what he meant by this. Rahb stated he did not have to answer anymore questions about the towels.

I found documentation within the apartment that Rahb had apparently worked for Gunderson Cleaners at one point, and I also found several

items marked with Gunderson Cleaners, including some uniforms and other work related type clothing. At this point I contacted Gunderson Cleaners and spoke with Doug Gunderson, who told me that Rahb was an employee of theirs approximately a year and a half ago; however, he was released from employment as he had tested positive for cocaine during a driver test. Doug told me Rahb had apparently operated delivery vehicles for Gunderson Cleaners. Doug told me he was very interested in seeing the towels and stated the linens probably belonged to Gunderson Cleaners and were stolen without his consent.

It should be noted that by this time most of the evidence had been recovered, which included several baggies of green, leafy vegetable matter and other paraphernalia, as well as a large amount of cash from the residence. All of the items were packaged by the supporting officers and given to me in a large container. All of these items were inventoried at the APD and listed on the APD property forms. I also coordinated the location of the items found on the sketch, which I had completed and included with my written report.

After some time, Doug Gunderson responded to my location, per my request. Doug immediately identified the towels and also gave me several verbal indications that he was positive these items were stolen from Gunderson Cleaners. Doug gave me a written statement regarding this and also began coordinating for removal of all of the towels. Doug told me he would inventory all of the towels and other items, which he believed belonged to his business and were taken illegally. Doug told me this estimate would be over $1,000 and he would provide this complete estimate to me by tomorrow's date, 06/17/2005.

Doug arranged for several employees from Gunderson Cleaners to respond to the address and take custody of the towels. I had Doug sign an evidence sheet, releasing the items to him. It should be noted that I did have an identification technician, Sgt. Clay Klotz, respond to the address and take photos of many items of contraband, as well as all of the towels inside of the location of where they were located and found. These towels were too numerous to inventory at the time and will take a concerted effort from Gunderson Cleaners to inventory all of the items.

All of the towels and other items were removed from the apartment by Doug Gunderson and his employees.

It should be noted that Sgt. Klotz and Sgt. Bredael transported Rahb Kettleson to the Outagamie County Justice Center, per my request.

It also should be noted that I did remove the videotapes and other items which Rahb Kettleson had given me permission to remove, and

took them into my custody as well. These included several adult videotapes and other unmarked videotapes, which I had inventoried at the Appleton Police Department.

Once at the APD, Officer Leitzinger and Officer Peeters assisted me in inventorying all of the items taken from the apartment at [redacted] These items were inventoried on several sheets and recorded by Officer Peeters, Officer Leitzinger, and me.

I then returned to my desk and made a phone call to Laura Smith, advising her of th situation. I told Laura the cell phones were recovered inside Rahb Kettleson's apartment and they match the description given to me by the report, which Renee Smith had filed. Laura Smith was relieved and also stated that she felt better about the situation.

ARREST/CUSTODY INFORMATION:

The defendant, Rahb Kettleson, was arrested for possession of THC with intent to deliver, WI §961.41(1m)(h); possession of drug contraband, WI §961.573(1); and two counts of possession of stolen property, WI §943.34(1)(a). He was placed at the Outagamie County Justice Center.

The defendant, James Smith, Sr., was also arrested for possession of stolen property, WI §943.34(1)(a).

CASE STATUS AND DISPOSITION:

This case will be cleared by arrest.

END OF REPORT.

SUPPLEMENTAL REPORT

SGT. PYNENBERG REPORTING

LOCATION: 320 S. Walnut St.

DATE/TIME OF FOLLOW UP: 06/17/05 at approx. 0843 hours

SUSPECT: Norbert J. Green
[redacted] DOB: 06/06/53
[redacted]

INVESTIGATION:

On 06/17/05 at approximately 0843 hours, I, Sgt. Pynenberg, went to OCJ in an attempt to have an interview with the AR Rahb Kettleson. It should be noted that Rahb was in custody for several charges and I arranged to have Rahb brought to the interview room located in OCJ.

Once I met with Rahb I told him I wanted to speak with him regarding charges that he was in the jail for currently and I told him I would need to read him his Miranda Rights. I did read his Miranda Rights off of the APD Form #113 and Rahb did sign the form and indicated he would answer questions about what had happened.

The first area which I covered with Rahb was the cell phone situation. I told Rahb I wanted to know everything he knew regarding the cell phones. Rahb told me that approximately a week ago or so, James had brought the cell phones to his house and decided to stay with him for one night. Rahb told me it was very low key situation and he did not ask James any questions about why he needed to stay with him. Rahb told me he saw that James had three cell phones with him but did not think to ask him any questions about the situation. Rahb told me that James simply was making a bunch a phone calls and was carrying a bunch of papers as well and didn't said nothing however was upset about the family situation that he was involved with. Rahb stated James told him he was in a fight with Laura and Laura was looking for a divorce.

Rahb told me he remembered that James had three cell phones and thought they were probably his family's cell phones and James had them in order to find evidence of the possibility of Laura cheating on him or other types of evidence of that nature. Rahb admitted he thought the cell phones were probably taken by James from his family without his permission but stated he was not involved in the actual taking of the cell phones nor did he want to be. Rahb however did

agree that he allowed James to keep the cell phones at his property as well as his other property that he had brought over that night.

Rahb stated it's not unusual for James to spend evenings at his house when James gets into an argument with Laura.

The next topic of conversation revolved around Rahb's statements of doing "a couple lines" during the taped phone conversation he had with James. Rahb told me that Jimmy, James' son, was in his apartment approximately two or three years ago and has not been in his apartment since then.

I asked Rahb about the comment which he made reference to lines which he was apparently doing with Jimmy and Rahb stated he did not remember making such a statement but stated he probably was joking. He stated again he never said anything like that. I told Rahb it was on tape and recorded and he did say something in reference to doing lines. Rahb again denied it and stated he didn't remember saying anything like that.

We then covered Rahb's usage of marijuana. Rahb stated he's been using marijuana approximately his whole life and stated he uses it recreationally from day to day. Rahb stated he has been smoking marijuana for at least 30 years and added he never sold marijuana to anyone. Rahb stated he uses it for personal use only. Rahb also added that he had never grown marijuana anywhere in his apartment or near it.

Rahb stated he has been working on and off for different companies through the years. Rahb stated he worked for Gunderson Cleaners for a short time but stated he was involved in an accident and was fired because of this accident. Rahb did admit to me that he was fired and also tested positive for THC after a blood test that he was required to take for the accident.

Rahb stated he also worked for a [redacted] calls him for odd jobs. Rahb stated these jobs are usually cash jobs and states that they pay him to assist other semi drivers load or unload different loads they are transporting.

Rahb also stated he worked for the Post Crescent for a short time in approximately 1997 to 1998, however, was released from employment but would not say why he was released.

It should be noted that I did caution Rahb not to have contact with Laura Smith or go to that residence on [redacted] I told him I was concerned about James violating his restraining order and having somebody violate the restraining order for him. I told Rahb that he

would be placing himself in jeopardy if he had any contact with Laura Smith. Rahb told me he understood and stated he didn't want to have any contact with Laura Smith and would not do so.

Rahb added that he is not a marijuana dealer however stated he has been getting his marijuana from the same guy for approximately 30 years. Rahb stated the last time he bought, he bought a quarter ounce for approximately $30 from this gentleman. Rahb refused to tell me who he was buying marijuana from. Rahb stated this gentleman has been a friend of his for approximately 30 years and he would not do anything to jeopardize his relationship with him.

The next interview I conducted was with the AR James Smith, Sr. This interview was also conducted on 06/17/05 at approximately 0948 hours.

James Smith was brought from the cell block at OCJ to the interview room located at OCJ and I read to him the Miranda Rights off of APD Form #113. James Smith did understand his rights and did consent to talking with me about what had happened.

I spent the majority of my interview with James establishing a rapport and also explaining to him why I was speaking with him. I explained to him the evidence which I had developed through the taped phone conversations he was having with Rahb Kettleson at OCJ. I explained to him some of the phrases which had piqued my interest during these conversations including talking about the cell phones and possible drug use. James had several questions regarding the evidence which I had discovered and what I planned on doing with this evidence. I told him that I had already acted on the evidence and had secured two search warrants for Rahb's apartment which were served the day before.

I told James approximately what had been discovered at Rahb's apartment and also some of the concerns I had with his possible contact with minors as it related to sexual contact.

James and I had a conversation about this and he indicated to me that he never saw Rahb with any minors in his apartment alone.

He also informed he never observed or heard of Rahb assaulting minors or any other person for that matter.

I then spoke with James about marijuana usage and James indicated to me that he was aware that Rahb had used marijuana for some time. James told me while he never directly observed Rahb using marijuana, he stated he was aware of Rahb using while James was in the apartment with him. James told me when he was in the military he was an occasional user of marijuana and stated he still used marijuana occasionally to this day.

James told me that Rahb was also possibly selling marijuana to minors but stated he was not exactly sure about this. James stated he felt Rahb probably sold to people whom Rahb was very familiar with. James told me these could be minors but stated they were most likely adults and other parties whom Rahb was very familiar with. James indicated to me that he did not want to testify against Rahb regarding these comments. James told me however that he was positive that Rahb would sell marijuana from time to time.

James also told me that he was also pretty sure that Rahb was receiving his marijuana from a party by the name of Norb Green. James also indicated to me that he did not want to testify regarding this and stated he had no further information about this. James stated he never saw Norb Green directly sell marijuana to Rahb but stated that he felt as if Norb Green was most likely his source, James added that Norb Green is the largest marijuana dealer in the Fox Valley area and stated he has been so for numerous years. James again reiterated the fact that he would not testify to this and stated he did not directly observe Norb ever using marijuana.

After this conversation, I had a long conversation with James about usage of marijuana. James indicated at one point that he had a small amount of marijuana and a marijuana pipe and some other related paraphernalia which was still at his old residence at the address of [redacted] James was very emotional about it and stated he wanted me to take the items out of his house so that his kids or any other children in the house would not get it.

James drew me a small map of his residence where the marijuana could be located. He requested that I respond to his residence and remove the items.

I concluded my conversation with James and contacted Laura Smith. I told her that I wanted to respond to her address and let her know what had been happening. Laura agreed and I responded and spoke with Laura for some time.

I updated Laura with the status of the investigations which I had initiated after speaking with her and also told her about the marijuana which was in her home. Laura and I went to the area where James had indicated on his map and did find a plastic bag containing a small amount of marijuana and a marijuana pipe. There was also some related paraphernalia including a lighter and some screens.

I told James I would not charge him with this item and transported the items from Laura's residence to the APD, placed them in evidence, had them tested, and then destroyed.

ARREST/CUSTODY INFORMATION:

No further arrests have been made.

CASE STATUS AND DISPOSITION:

This case remains cleared by arrest.

STATE OF WISCONSIN CIRCUIT COURT OUTAGAMIE COUNTY

STATE OF WISCONSIN Incident No. 05-0061-682

THE SHERIFF OR ANY CONSTABLE OR
ANY PEACE OFFICER OF SAID COUNTY **SEARCH WARRANT**

Aaron Pynenberg of the Appleton Police Department has complained upon oath to the Outagamie County Circuit Court on the 16th day of June 2005 that a residence used by Rahb J. Kettleson (DOB: 01/26/1958), located at [redacted] in the City of Appleton in Outagamie County, Wisconsin, and more particularly described as follows:

[redacted]

there are now located and concealed certain things, specifically:

cocaine, marijuana, any other controlled substance, or contraband, including but not limited to controlled substances paraphernalia, including scales and other weighing devices, measuring devices, containers of various types commonly associated with the storage and use of controlled substances, any and all items associated with the distribution of controlled substances, including but not limited to drug legers, cash, safes, and weapons; articles of personal property tending to establish the identify of person in control of the premises where controlled substances are found, including utility company receipts, rent receipts, cancelled mail envelopes, and keys

which things were used in the commission of, or may constitute the evidence of a crime in violation of Chapter 961 of the Wisconsin Statutes.

NOW, THEREFORE, in the name of the State of Wisconsin, you are commanded forthwith to search said premises for said things. If the said things or any portion thereof are found, you are commanded to safely seize and keep the property so long as necessary for the purpose of being produced as evidence on any trial or until further order of the court.

Dated this 16th day of June, 2005.

The Honorable John Des Jardins
Outagamie County Circuit Court

ENDORSEMENT

Received by Aaron Pynenberg of the Appleton Police Department on this 16th day of June, 2005, at 11:40 a.m.

Sheriff or Other Peace Officer

STATE OF WISCONSIN CIRCUIT COURT OUTAGAMIE COUNTY

STATE OF WISCONSIN Incident No. 05-0061-682

AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

Aaron Pynenberg of the Appleton Police Department has complained upon oath to the Outagamie County Circuit Court on the 16th day of June 2005 that a residence used by Rahb J. Kettleson (DOB: 01/26/1958), located at [redacted] in the City of Appleton in Outagamie County, Wisconsin, and more particularly described as follows:

[redacted]

there are now located and concealed certain things, specifically:

> cocaine, marijuana, any other controlled substance, or contraband, including but not limited to controlled substances paraphernalia, including scales and other weighing devices, measuring devices, containers of various types commonly associated with the storage and use of controlled substances, any and all items associated with the distribution of controlled substances, including but not limited to drug legers, cash, safes, and weapons; articles of personal property tending to establish the identify of person in control of the premises where controlled substances are found, including utility company receipts, rent receipts, cancelled mail envelopes, and keys

which things were used in the commission of, or may constitute the evidence of a crime in violation of Chapter 961 of the Wisconsin Statutes.

The facts tending to establish the grounds for issuing a search warrant are as follows:

> Affiant states that he is a sworn law enforcement officer with the Appleton Police Department and in that capacity has knowledge of the following:
>
> Affiant states that, on June 16, 2005, he received a search warrant from the Honorable John Des Jardins for a residence used by Rahb J. Kettleson (DOB: 01/26/1958) identified as apartment [redacted] in the City of Appleton, Outagamie County, Wisconsin. Affiant described the apartment residence as part of a multi-unit three-story building on the [redacted] Affiant notes that the first story facade [redacted] while the second and third story have a façade [redacted] Affiant further notes that the building contains two entrances with the west entrance leading [redacted] while the east entrance lead to the apartment

units with gold numbers of [redacted] Affiant went to apartment [redacted] for the purpose of locating one or multiple cellular phones, including any Motorola phone, any phone with model number 265, or a cellular phone with radio, television, or camera features.

During the search, affiant states that he and other law enforcement officials searched a storage closet in order to located any of the cellular phones identified in the search warrant. In the storage closet, affiant observed an approximately two-foot long pipe comprised on a dirty reddish brown plastic portion as well as a silver metal portion. Affiant notes that the pipe rested in plain view from within the storage closet. Affiant further notes that he detected the odor of burnt marijuana which he knows from his training and experience. Affaint further states that he observed a green leafy substance consistent in odor and appearance with unburned marijuana, which contains the controlled substance of THC.

Also on June 16, 2005, affiant listened to a recorded telephone conversation from the Outagamie County Justice Center which affiant believes occurred between an inmate, James Smith, and Rahb Kettleson on June 10, 2005. In the telephone conversation, Rahb Kettleson told James Smith, "Jimmy and I did a couple of lines." Affiant further states that he believes the act of doing "a couple lines" refers to the act of inhaling cocaine which contains a controlled illegal substance. Rahb Kettleson did not disclose the location of where he "did a couple of lines" but affiant believes the residence may contain cocaine or cocaine related paraphernalia based upon the statement and the Rahb Kettleson residence already having drug paraphernalia and possibly marijuana.

Affiant states that his training and experiences leads him to believe that the residence of Rahb Kettleson may contain cocaine, marijuana, any other controlled substance, or contraband, including but not limited to controlled substances paraphernalia, including scales and other weighing devices, measuring devices, containers of various types commonly associated with the storage and use of controlled substances, any and all items associated with the distribution of controlled substances, including but not limited to drug legers, cash, safes, and weapons; articles of personal property tending to establish the identify of person in control of the premises where controlled substances are found, including utility company receipts, rent receipts, cancelled mail envelopes, and keys.

Wherefore, Affiant prays that a search warrant be issued to enter said premises to search for the items identified herein along with the items listed on the face sheet of the search warrant.

Dated this 16th day of June, 2005.
Respectfully Submitted:

Aaron Pynenberg, Affiant

Subscribed and sworn to before me
this 16th day of June, 2005.

The Honorable John Des Jardins
Outagamie County Circuit Court

STATE OF WISCONSIN CIRCUIT COURT OUTAGAMIE COUNTY

STATE OF WISCONSIN Incident No. 05-0061-682

THE SHERIFF OR ANY CONSTABLE OR
ANY PEACE OFFICER OF SAID COUNTY **SEARCH WARRANT**

Aaron Pynenberg of the Appleton Police Department has complained upon oath to the Outagamie County Circuit Court on the 16th day of June 2005 that a residence used by Rahb J. Kettleson (DOB: 01/26/1958), located at [redacted] in the City of Appleton in Outagamie County, Wisconsin, and more particularly described as follows:

[redacted]

there are now located and concealed certain things, specifically:

one or multiple cellular phones, including any Motorola phone, any phone with model number 265, or a cellular phone with radio, television, or camera features;

which things were used in the commission of, or may constitute the evidence of a crime in violation of Chapters 943 of the Wisconsin Statutes.

NOW, THEREFORE, in the name of the State of Wisconsin, you are commanded forthwith to search said premises for said things. If the said things or any portion thereof are found, you are commanded to safely seize and keep the property so long as necessary for the purpose of being produced as evidence on any trial or until further order of the court.

Dated this 16th day of June, 2005.

The Honorable John Des Jardins
Outagamie County Circuit Court

ENDORSEMENT

Received by Aaron Pynenberg of the Appleton Police Department on this 16th day of June, 2005, at 10:40 a.m.

Sheriff or Other Peace Officer

STATE OF WISCONSIN CIRCUIT COURT OUTAGAMIE COUNTY

STATE OF WISCONSIN Incident No. 05-0061-682

AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

Aaron Pynenberg of the Appleton Police Department has complained upon oath to the Outagamie County Circuit Court on the 16th day of June 2005 that a residence used by Rahb J. Kettleson (DOB: 01/26/1958), located at [redacted] in the City of Appleton in Outagamie County, Wisconsin, and more particularly described as follows:

[redacted]

there are now located and concealed certain things, specifically:

one or multiple cellular phones, including any Motorola phone, any phone with model number 265, or a cellular phone with radio, television, or camera features;

which things were used in the commission of, or may constitute the evidence of a crime in violation of Chapters 943 of the Wisconsin Statutes.

The facts tending to establish the grounds for issuing a search warrant are as follows:

Affiant states that he is a sworn law enforcement officer with the Appleton Police Department and in that capacity has knowledge of the following:

Affiant responded to a dispatch reported by Laura Smith (DOB: 03/15/1958), who resides at [redacted] in the City of Appleton, Outagamie County, Wisconsin. Laura Smith told affiant that she currently is involved in divorce proceedings with her husband, whom she identified as James Smith (DOB: 09/18/1951). Laura Smith also stated that she has several children with her husband whom she identified as Renee Smith (DOB: 10/19/1985) and James Smith, Jr. (DOB: 01/01/1987). Laura Smith told affiant that James Smith no longer lives permanently with the family at the [redacted] residence. James Smith often stays with a friend whom Laura Smith identified as Rahb J. Kettleson (DOB: 01/26/1958) living at apartment [redacted] in the City of Appleton, Outagamie County, Wisconsin.

Affiant first spoke with Laura Smith on June 14, 2005 and Laura Smith reported a theft by James Smith that occurred on May 4, 2005 at her [redacted] residence. Laura Smith explained that on that date, she was in a bathroom at the residence with the door to the bathroom locked and her purse secured in the locked room. Laura Smith saw James Smith enter the bathroom, presumably after picking the door to the bathroom. James Smith grabbed Laura Smith's purse and keys and then fled the room. Laura Smith put on a rob and followed James Smith. James Smith then grabbed a cellular phone belonging to Renee Smith before fleeing the residence. Laura Smith stated that she did not follow James Smith out of the residence because she was dressed only in a bathrobe. After James Smith left, Laura Smith ultimately found her purse hidden in a set of rafters at the residence. Laura Smith stated, however, that her cellular phone had been removed from the purse and remained missing.

Laura Smith told affiant that she believes James Smith took the two cellular phones for the purpose of monitoring the incoming and outgoing calls because James Smith has done similar acts in the past. Laura Smith stated that she did not give permission or consent for James Smith to take the cellular phone. Likewise, Renee Smith is an adult and she did not give James Smith permission or consent to take her cellular phone. Laura Smith described the two cellular phones as Motorola with radio, television, and camera features, believed to be Model number 265 for each phone. Laura Smith also stated that her husgand removed his own cellular phone from the residence. Laura Smith told affiant that three phones were no longer at the residence, but only two were stolen because her husband had the right to take his own phone. Affiant does not know the exact make and model of the cellular phone belonging to James Smith but believes the cellular phone may also be a Motorola.

On June 16, 2005, affiant listened to a recorded telephone conversation from the Outagamie County Justice Center between an inmate, James Smith, and Rahb Kettleson. In the telephone conversation, the person who identified himself as James Smith told the person who identified himself as Rahb Kettleson that "those three phones, put out of site, that's enough for now." Affiant states that, based upon statements from Laura Smith, James Smith had access to Rahb Kettleson's residence, but Rahb Kettleson would not have access to the Smith residence. Therefore, affiant believes that James Smith stored the cellular phones at Rahb Kettleson's residence based upon James Smith's statements during the recorded conversation. Affiant further states that the two stolen phones still remain at Rahb Kettleson's residence.

Wherefore, Affiant prays that a search warrant be issued to enter said premises to search for the items identified herein along with the items listed on the face sheet of the search warrant.

Dated this 16th day of June, 2005.
Respectfully Submitted:

Aaron Pynenberg, Affiant

Subscribed and sworn to before me

INVESTIGATION:

On 06/14/2005 at approximately 1300 hours, I was advised that a Laura J. Smith was in the lobby to speak with me regarding some complaints she was making about past crimes she wanted to speak with me regarding her ex-husband, James K. Smith, Sr. Laura Smith had contacted the Appleton Police Department several days ago and expressed an interest in wanting to speak with officers regarding possible crimes which occurred in the past. She also apparently had relevant information regarding the current status of a domestic incident which had occurred on approximately 05/04/2005, incident number 050504-017033.

I met with Laura in the APD lobby and asked her to accompany me to the interview room adjacent to the lobby. Laura did so. It should be noted I did coordinate for Victim Crisis Response worker, Jodi, to accompany me in the interview process as I understood that this would be difficult for Laura as she had a long history of abuse at the hands of James Smith.

I also coordinated with the Harbor House facility, talking with Wendy at Harbor House, for a possible multi agency response for Laura's needs. I met with Laura in the interview room located adjacent to the APD lobby and introduced myself to her. After several minutes of introductions by me and Jodi, the VCR, Laura began to explain why she wanted to speak with officers. Laura explained she is very fearful and afraid for her safety and that of her children, because of her ex-husband, James Smith. Laura states that for approximately 20 years, James had physically and emotionally abused her, and also acted in very strange ways. Laura stated that just now she is obtaining the strength and constitution to face the situations and also to remain strong and not give into James wanting to make amends

with her. Laura states she did file for divorce and the divorce proceedings are following through. Laura states she is separated and the divorce is soon to be finalized.

It should be noted that Laura was very emotional during this entire interview and she seemed extremely truthful. Laura stated in the past she had lied to police officers regarding James' behavior as she was very afraid for her safety and that of her children after the police would leave. Laura states she now realizes this was a mistake and states that she understands how James' behavior is not going to be corrected or changed. Laura states she believes there is something [redacted] with James and he will never change. Laura also stated she wanted to make me aware of the full scope of the situation so that when James was released, she would be able to get help from the police department. I assured Laura I would be available to help her in anything she needed, and also that I was coordinating with Wendy from Harbor House to come up with some kind of response plan for her. Laura explained to me that she had already been in contact with Wendy from Harbor House and Wendy was her legal advocate. Laura explained she has been getting help and support from Harbor House for some time. I congratulated Laura for her realization and we continued our discussion from here.

Laura stated that in the past her husband has apparently damaged several vehicles which apparently cut him off in traffic, and caused other disturbances. While mentioning some of these things, she also mentioned that James sometimes would get mad at her and leave for several days at a time. Laura states she thought that when James would leave, he would go to an address above Tennies Jewelry, which she described as [redacted] and stay with his friend whom she described as "Rahb." Laura stated she was very leery of Rahb and stated she also believed Rahb had [redacted] as well. Laura described an incident where they were boating when Rahb decided to grab onto the wheel of the boat, as it was in operation, and attempt to capsize the boat. She said Rahb apparently started chanting something indiscernible, and then he jumped over the side of the boat. Laura described several other situations which were strange in nature, regarding Rahb's behavior. She also stated she believed Rahb might possibly either use or sell drugs. Laura believed this just based on her observations of his behavior and also observations of her husband's behavior.

Laura stated that when James would return home after staying with Rahb, he would sometimes break into her house in the middle of the night wearing all black clothing. Laura stated she would hear some movement in the basement area or the first level of the house and when she worked up enough courage to turn the lights on, she would find her husband standing in the middle of the living room or some other type of room, wearing completely black clothing and carrying a

flashlight. Laura stated this would be in the early morning or evening hours and stated she would question James as to why he was acting this way. James would tell her to "shut up" and say things such as, "This is my house, I'll do what I want."

Laura stated these incidents all happened in the past and did not happen recently. Laura gave me this information so that I would be aware of James' state of mind.

It should be noted that I've had contact with James Smith in the past in domestic situations. I am also aware of other officers who've had previous contact with him and also have described strange and unusual behavior.

Laura also related to me other facts which were not relevant at this time to this particular investigation.

Laura stated she is getting concerned as her son, citizen contact James Smith Jr., sometimes would also stay at the address with Rahb Kettleson at [redacted] Laura states recently James Jr., who they call "Jimmy", has been acting strange and more and more violently towards her. Laura states she believes Jimmy blames her for staying with James an creating the family problems which they are now experiencing.

Laura states this upsets her greatly as Jimmy has apparently witnessed James physically and mentally abusing Laura several times. Laura states Jimmy is also mentally abused by James Sr.

At this point Laura related to me that James Smith Sr., during their last domestic episode, had apparently stolen her cell phone, which she used often. She stated she believes James took her cell phone out of her purse while she was in the shower. Laura states this because she saw James enter the bathroom area where she was taking a shower, grab onto her purse, and then run out of the bathroom area. Laura had apparently followed James at the time and demanded her purse back. James did not return the purse back, but later Laura found it in the rafters of the residence. Laura states when she searched her purse, she did not find her credit cards or her cell phone. Laura stated she purchased the Motorola cell phone, buying two - one for her and one for her husband, James. Laura stated both of these cell phones were missing.

In addition, Laura stated her daughter, who is an adult, was also missing her cell phone. She indicated to me this incident was reported to the police. Also, she believed that Renee thought that James Smith Sr. was a plausible suspect in the theft. Reference incident number 050510-017969 for the theft report.

After having this information, Laura stated she believes it's a very sad situation and James scares her greatly. Laura stated she was looking for assistance when James gets out of jail, for any kind of surveillance or assistance in keeping James away from her. Laura stated she has a four year restraining order, which was awarded to her to keep James away from her. I assured Laura I would assist her in any way possible and gave her contact phone numbers for the police department and me. I also told Laura that Harbor House was an excellent resource and that when James is released, Outagamie County Jail will contact Laura, through Harbor House. I also asked the Outagamie County Justice Center to contact me, giving them my cell phone number and home phone number, when James is released from jail. This was done so that a response plan could be implemented at that time.

It is believed, however, that James Smith Sr. has a $5,000 bond, which he will be unable to raise. Laura agreed that James will probably be in jail for a long time and states that he has no ability to get out of jail at this time.

After several more minutes of discussion about safety issues and other advise to Laura, I ended my interview with her at this time.

Based on the information Laura had given me, I decided to contact the Outagamie County Justice Center to see if it was possible to obtain phone records or James contacting anyone. I contacted the Outagamie County Justice Center and spoke with the on-duty sergeant. The on-duty sergeant told me it was very possible to get James' phone records, as they are all issued inmate ID numbers. These inmate ID numbers are entered into the phone anytime they use the phone. These phone calls are all recorded and available on a computer system, which they have available at the time. I asked the OCJ sergeant to make me a copy of these phone calls, which he indicated there were approximately 15 to possibly 17 calls, which James Smith Sr. had made from the OCJ.

On 06/16/10025 at approximately 0630 hours, I (Sgt. Pynenberg) listened to the CDs, which the OCJ staff sergeant had provided to me and given to Sgt. Gurnee earlier, on approximately 06/15/2005, for me to listen to.

Sgt. Gurnee picked these CDs up from the OCJ sergeant and placed them in my mailbox at the police department. It should be noted that the police department is a secure building and that only employees are allowed inside and access to the mailbox system.

I opened a manilla envelope with my name on it containing two CD discs. These were both labeled, one being CD number one and the other being CD number two.

On CD number one, there were several conversations which James Smith had identified that he was speaking to a Rahb party, who lived [redacted] The conversation described the residence and also the fact that he was talking with Rahb.

In one of the conversations, James Smith is talking to the Rahb party on the phone and states something to the effect of, "Those three phones, put them out of sight. That's enough for now, this is a taped line."

Based on this conversation, I believe this to refer to the three cell phones which would have been in James Smith's possession, had he taken them from the residence at [redacted] on the night of the domestic. The phones would include his phone, his wife's phone (Laura), and also his daughter's phone (Renee Smith).

The remainder of the disc contained other conversations which I did not believe to be relevant to the investigation. On CD number two, however, on the first track, approximately one minute into the conversation, again James Smith is talking with a party by the name of Rahb and states something to the effect of, How's it going. At that time the Rahb party responds with, "Jimmy and I did a couple of lines last night."

Based on my other conversation with Laura, I understood Jimmy to mean James Smith Jr., and also understood the phrase - did a couple lines - to possibly mean, based on my experience and training, to inhale cocaine. I believe this because cocaine is usually, when inhaled, placed in thin piles, which represent lines.

Based on this information, I decided that after a court hearing, which I agreed I would attend with Laura Smith at the Outagamie County Court Commissioner, per her request, I would consult with the OCDA's office and see if a warrant could be obtained for the address of [redacted]

I did some in-house research in the APD computers and identified the party by the name of Rahb Kettleson living at [redacted] I also noted that in-house he had several contacts, including a few for drug-related type offenses.

This information, which I was obtaining from in-house computers and from the phone conversations between James Smith and Rahb Kettleson, seemed to corroborate what Laura told me during the initial interview.

It should be noted that on 06/16/2005 at approximately 0800 hours, I attended a court hearing for property placement for the divorce

proceedings between Laura and James Smith. James was still incarcerated in the OCJ and was brought down by a deputy. Upon initial contact, James Smith demanded to know who I was and stared at me for several minutes. I told James he should stop staring at me, and I identified myself as a police officer with the Appleton Police Department. James Smith, during the entire hearing, was very agitated and very upset at the entire situation.

The issue of the cell phones did come up during the discussion of the property and the Family Court Commissioner judge who was hearing the case at the time asked James Smith where the location of the cells phones was, which were missing. James replied, "I don't know" several times. He denied any knowledge of the cell phones or knowing where they might be. It should be noted that this was during a Family Court Commissioner proceeding; however, there was not a court reporter in the room at the time. This seemed to be a very informal process and I asked the judge, after the proceeding, if anything was recorded while the proceedings were taking place. The judge indicated they were not recorded proceedings.

At this point I left Laura Smith, after talking with her for several minutes, and went to the DA's office. I spoke with Winn Collins, OCDA, and described the situation. Winn Collins believed there was enough probable cause for the warrant for the cell phones and possibly drugs, including cocaine or other type of paraphernalia. Winn Collins prepared an Affidavit for Search Warrant, at which time I reviewed it, agreed with the information, and accompanied him to Outagamie County Judge Des Jardins' chambers. Judge Des Jardins signed the search warrant; however, wanted us to revise the warrant and not include the drugs. He felt the beginning statements were vague and asked us to search only for cell phones.

As I was leaving the judge's chambers, I spoke with the DA, Winn Collins, and asked him what I should do, should I encounter any type of paraphernalia or drugs in the residence during my search for the cell phones. He indicated we should stop the search and contact him for a new search warrant.

At this point I made contact with Lt. Olm and Sgt. Chuck Desmond to inform them of the situation. Lt. Olm was apprised. I also informed Sgt. Desmond that I would probably be serving a search warrant in a short time with some indication of possible drug activity. Sgt. Desmond arranged for several MEG Officers to meet with me at the APD, including MEG Officers Brezewski and Feucht. There were other MEG officers who assisted me at the time as well.

I also had a uniformed officer, Sgt. Keith Bredael, accompany me to the residence for a uniform presence.

After a quick briefing at the APD regarding possible modes of operation for serving the actual search warrant, we left the APD and responded to the address of [redacted] Upon entry into the building, we knocked on the apartment door several times. A party who later identified himself as Rahb Kettleson, answered the door. Officers made entry without damage or incident and informed him of the search warrant. I told him immediately that the search warrant was looking for cell phones, and Rahb Kettleson stated, of his own volition, "I know exactly the cell phones you're talking about. James gave them to me, and I'll give them to you." I told Rahb I appreciated his cooperation; however, I wanted to ensure the evidence was taken into custody properly. The warrant was served and the residence was searched by me and the other assisting officers.

It should be noted I did prepare a sketch laying out the general layout of the apartment, which was a two level apartment, and also the location of the items that were found. During the search; however, on level two, I located within closet number two, a large bong, which included the odor of THC and also a large amount of residue located within the bong device itself. Based on the fact that I had a bong upon initial contact in the first area that I searched, I stopped my search, informed the other officers to stop their search, and responded back to Winn Collins' office to get a new search warrant.

Outagamie County DA Winn Collins did prepare a new search warrant including drugs and other paraphernalia, which was also signed by Judge Des Jardins.

I returned to the address of [redacted] and searched the new search warrant on Rahb Kettleson.

After the conclusion of the search, several items of note were located. Many items of evidence were taken into custody, including several plastic baggies including green, vegetable matter; a large amount of cash, and several other items including THC paraphernalia, including screens, seeds, pipes of all sorts, and scale devices used for measuring. We also found other materials located within the area where several other baggies with green, vegetable matter, which had the appearance and odor of THC, based on my experience and training, which were of an unknown nature. These items will be tested by the APD Identification Section.

As I was searching the residence, I also encountered a file, which stated on the top "Sexuality." I thought this odd and checked the inside of the folder for any evidence of a ledger or any other type of drug information, and I located several articles which referred to talking about sex with children. I asked Rahb Kettleson, who was

still in the room, if James had any children. Rahb said that he did not have children. This raised my curiosity and at one point, one fo the MEG Unit officers had apparently placed a videotape, which he had found on the floor and was unmarked, into a VCR unit on level one of the apartment. When he pushed play, I saw that it appeared as if the party, Rahb Kettleson, was videotaping himself in a sex act. Rahb Kettleson was [redacted]

At this point it was decided to contact Inv. Nofzinger, as he was the sensitive crime/sexual crimes investigator for the APD. I advised him of what I had discovered. Inv. Nofzinger suggested that I attempt to get the items from Rahb, with his consent.

At this point I asked Rahb if I had his consent to remove the videotapes from his apartment and some of the other items which Inv. Nofzinger may be interested in concerning child pornography. Rahb Kettleson denied that he had any involvement in child pornography and stated he was only involved in adult type activities. I asked Rahb if I had his permission to remove these items to the police department and view them to ensure that this was the case. Rahb stated I could take anything that I wanted from the apartment and he did not have anything to hide. Rahb gave me consent to take the videotapes from the apartment to the police department and view them to ensure there was no child pornography activities.

I did read to Rahb Kettleson his Miranda rights and asked him if he would answer questions about what had happened. Rahb stated he would answer questions; however, when I asked him specific questions regarding the cell phones or the drugs, Rahb did not provide any specific answers. Rahb stated, "I don't have to answer questions about that stuff."

It was also interesting when all of the officers who were assisting me started finding large amounts of towels and other linens, which appeared to be brand new and still bundled in twine and other types of ribbon material. There were hundreds of towels piled in all sorts of closets and areas within the apartment, which investigators continued to find. I questioned Rahb about this, and he denied any knowledge of the towels and where they had come from. Rahb told me a few times that he just had them. I asked Rahb several times where he had gotten the towels from, and he stated he just got them. I told Rahb that his answers were not making sense, and I asked him to clarify what he meant by this. Rahb stated he did not have to answer anymore questions about the towels.

I found documentation within the apartment that Rahb had apparently worked for Gunderson Cleaners at one point, and I also found several

items marked with Gunderson Cleaners, including some uniforms and other work related type clothing. At this point I contacted Gunderson Cleaners and spoke with Doug Gunderson, who told me that Rahb was an employee of theirs approximately a year and a half ago; however, he was released from employment as he had tested positive for cocaine during a driver test. Doug told me Rahb had apparently operated delivery vehicles for Gunderson Cleaners. Doug told me he was very interested in seeing the towels and stated the linens probably belonged to Gunderson Cleaners and were stolen without his consent.

It should be noted that by this time most of the evidence had been recovered, which included several baggies of green, leafy vegetable matter and other paraphernalia, as well as a large amount of cash from the residence. All of the items were packaged by the supporting officers and given to me in a large container. All of these items were inventoried at the APD and listed on the APD property forms. I also coordinated the location of the items found on the sketch, which I had completed and included with my written report.

After some time, Doug Gunderson responded to my location, per my request. Doug immediately identified the towels and also gave me several verbal indications that he was positive these items were stolen from Gunderson Cleaners. Doug gave me a written statement regarding this and also began coordinating for removal of all of the towels. Doug told me he would inventory all of the towels and other items, which he believed belonged to his business and were taken illegally. Doug told me this estimate would be over $1,000 and he would provide this complete estimate to me by tomorrow's date, 06/17/2005.

Doug arranged for several employees from Gunderson Cleaners to respond to the address and take custody of the towels. I had Doug sign an evidence sheet, releasing the items to him. It should be noted that I did have an identification technician, Sgt. Clay Klotz, respond to the address and take photos of many items of contraband, as well as all of the towels inside of the location of where they were located and found. These towels were too numerous to inventory at the time and will take a concerted effort from Gunderson Cleaners to inventory all of the items.

All of the towels and other items were removed from the apartment by Doug Gunderson and his employees.

It should be noted that Sgt. Klotz and Sgt. Bredael transported Rahb Kettleson to the Outagamie County Justice Center, per my request.

It also should be noted that I did remove the videotapes and other items which Rahb Kettleson had given me permission to remove, and

took them into my custody as well. These included several adult videotapes and other unmarked videotapes, which I had inventoried at the Appleton Police Department.

Once at the APD, Officer Leitzinger and Officer Peeters assisted me in inventorying all of the items taken from the apartment at [redacted] These items were inventoried on several sheets and recorded by Officer Peeters, Officer Leitzinger, and me.

I then returned to my desk and made a phone call to Laura Smith, advising her of th situation. I told Laura the cell phones were recovered inside Rahb Kettleson's apartment and they match the description given to me by the report, which Renee Smith had filed. Laura Smith was relieved and also stated that she felt better about the situation.

ARREST/CUSTODY INFORMATION:

The defendant, Rahb Kettleson, was arrested for possession of THC with intent to deliver, WI §961.41(1m)(h); possession of drug contraband, WI §961.573(1); and two counts of possession of stolen property, WI §943.34(1)(a). He was placed at the Outagamie County Justice Center.

The defendant, James Smith, Sr., was also arrested for possession of stolen property, WI §943.34(1)(a).

CASE STATUS AND DISPOSITION:

This case will be cleared by arrest.

END OF REPORT.

SUPPLEMENTAL REPORT

SGT. PYNENBERG REPORTING

LOCATION: 320 S. Walnut St.

DATE/TIME OF FOLLOW UP: 06/17/05 at approx. 0843 hours

SUSPECT: Norbert J. Green
[redacted] DOB: 06/06/53
[redacted]

INVESTIGATION:

On 06/17/05 at approximately 0843 hours, I, Sgt. Pynenberg, went to OCJ in an attempt to have an interview with the AR Rahb Kettleson. It should be noted that Rahb was in custody for several charges and I arranged to have Rahb brought to the interview room located in OCJ.

Once I met with Rahb I told him I wanted to speak with him regarding charges that he was in the jail for currently and I told him I would need to read him his Miranda Rights. I did read his Miranda Rights off of the APD Form #113 and Rahb did sign the form and indicated he would answer questions about what had happened.

The first area which I covered with Rahb was the cell phone situation. I told Rahb I wanted to know everything he knew regarding the cell phones. Rahb told me that approximately a week ago or so, James had brought the cell phones to his house and decided to stay with him for one night. Rahb told me it was very low key situation and he did not ask James any questions about why he needed to stay with him. Rahb told me he saw that James had three cell phones with him but did not think to ask him any questions about the situation. Rahb told me that James simply was making a bunch a phone calls and was carrying a bunch of papers as well and didn't said nothing however was upset about the family situation that he was involved with. Rahb stated James told him he was in a fight with Laura and Laura was looking for a divorce.

Rahb told me he remembered that James had three cell phones and thought they were probably his family's cell phones and James had them in order to find evidence of the possibility of Laura cheating on him or other types of evidence of that nature. Rahb admitted he thought the cell phones were probably taken by James from his family without his permission but stated he was not involved in the actual taking of the cell phones nor did he want to be. Rahb however did

agree that he allowed James to keep the cell phones at his property as well as his other property that he had brought over that night.

Rahb stated it's not unusual for James to spend evenings at his house when James gets into an argument with Laura.

The next topic of conversation revolved around Rahb's statements of doing "a couple lines" during the taped phone conversation he had with James. Rahb told me that Jimmy, James' son, was in his apartment approximately two or three years ago and has not been in his apartment since then.

I asked Rahb about the comment which he made reference to lines which he was apparently doing with Jimmy and Rahb stated he did not remember making such a statement but stated he probably was joking. He stated again he never said anything like that. I told Rahb it was on tape and recorded and he did say something in reference to doing lines. Rahb again denied it and stated he didn't remember saying anything like that.

We then covered Rahb's usage of marijuana. Rahb stated he's been using marijuana approximately his whole life and stated he uses it recreationally from day to day. Rahb stated he has been smoking marijuana for at least 30 years and added he never sold marijuana to anyone. Rahb stated he uses it for personal use only. Rahb also added that he had never grown marijuana anywhere in his apartment or near it.

Rahb stated he has been working on and off for different companies through the years. Rahb stated he worked for Gunderson Cleaners for a short time but stated he was involved in an accident and was fired because of this accident. Rahb did admit to me that he was fired and also tested positive for THC after a blood test that he was required to take for the accident.

Rahb stated he also worked for a [redacted] calls him for odd jobs. Rahb stated these jobs are usually cash jobs and states that they pay him to assist other semi drivers load or unload different loads they are transporting.

Rahb also stated he worked for the Post Crescent for a short time in approximately 1997 to 1998, however, was released from employment but would not say why he was released.

It should be noted that I did caution Rahb not to have contact with Laura Smith or go to that residence on [redacted] I told him I was concerned about James violating his restraining order and having somebody violate the restraining order for him. I told Rahb that he

would be placing himself in jeopardy if he had any contact with Laura Smith. Rahb told me he understood and stated he didn't want to have any contact with Laura Smith and would not do so.

Rahb added that he is not a marijuana dealer however stated he has been getting his marijuana from the same guy for approximately 30 years. Rahb stated the last time he bought, he bought a quarter ounce for approximately $30 from this gentleman. Rahb refused to tell me who he was buying marijuana from. Rahb stated this gentleman has been a friend of his for approximately 30 years and he would not do anything to jeopardize his relationship with him.

The next interview I conducted was with the AR James Smith, Sr. This interview was also conducted on 06/17/05 at approximately 0948 hours.

James Smith was brought from the cell block at OCJ to the interview room located at OCJ and I read to him the Miranda Rights off of APD Form #113. James Smith did understand his rights and did consent to talking with me about what had happened.

I spent the majority of my interview with James establishing a rapport and also explaining to him why I was speaking with him. I explained to him the evidence which I had developed through the taped phone conversations he was having with Rahb Kettleson at OCJ. I explained to him some of the phrases which had piqued my interest during these conversations including talking about the cell phones and possible drug use. James had several questions regarding the evidence which I had discovered and what I planned on doing with this evidence. I told him that I had already acted on the evidence and had secured two search warrants for Rahb's apartment which were served the day before.

I told James approximately what had been discovered at Rahb's apartment and also some of the concerns I had with his possible contact with minors as it related to sexual contact.

James and I had a conversation about this and he indicated to me that he never saw Rahb with any minors in his apartment alone.

He also informed he never observed or heard of Rahb assaulting minors or any other person for that matter.

I then spoke with James about marijuana usage and James indicated to me that he was aware that Rahb had used marijuana for some time. James told me while he never directly observed Rahb using marijuana, he stated he was aware of Rahb using while James was in the apartment with him. James told me when he was in the military he was an occasional user of marijuana and stated he still used marijuana occasionally to this day.

James told me that Rahb was also possibly selling marijuana to minors but stated he was not exactly sure about this. James stated he felt Rahb probably sold to people whom Rahb was very familiar with. James told me these could be minors but stated they were most likely adults and other parties whom Rahb was very familiar with. James indicated to me that he did not want to testify against Rahb regarding these comments. James told me however that he was positive that Rahb would sell marijuana from time to time.

James also told me that he was also pretty sure that Rahb was receiving his marijuana from a party by the name of Norb Green. James also indicated to me that he did not want to testify regarding this and stated he had no further information about this. James stated he never saw Norb Green directly sell marijuana to Rahb but stated that he felt as if Norb Green was most likely his source, James added that Norb Green is the largest marijuana dealer in the Fox Valley area and stated he has been so for numerous years. James again reiterated the fact that he would not testify to this and stated he did not directly observe Norb ever using marijuana.

After this conversation, I had a long conversation with James about usage of marijuana. James indicated at one point that he had a small amount of marijuana and a marijuana pipe and some other related paraphernalia which was still at his old residence at the address of [redacted] James was very emotional about it and stated he wanted me to take the items out of his house so that his kids or any other children in the house would not get it.

James drew me a small map of his residence where the marijuana could be located. He requested that I respond to his residence and remove the items.

I concluded my conversation with James and contacted Laura Smith. I told her that I wanted to respond to her address and let her know what had been happening. Laura agreed and I responded and spoke with Laura for some time.

I updated Laura with the status of the investigations which I had initiated after speaking with her and also told her about the marijuana which was in her home. Laura and I went to the area where James had indicated on his map and did find a plastic bag containing a small amount of marijuana and a marijuana pipe. There was also some related paraphernalia including a lighter and some screens.

I told James I would not charge him with this item and transported the items from Laura's residence to the APD, placed them in evidence, had them tested, and then destroyed.

ARREST/CUSTODY INFORMATION:

No further arrests have been made.

CASE STATUS AND DISPOSITION:

This case remains cleared by arrest.

Narratives

Original Narrative

09/13/2018 20:57:44

SGT. LUND REPORTS: RP called the APD to report suspicious activity that she had discovered at her residence on E. Harrison St. As RP was exiting her rear door, she found a bag of M&Ms, a plush M&M toy and a note laying on a bench outside the door. RP was concerned about the items as she believed that had been left by her ex-husband. The note shown to me by RP referenced a 25th anniversary and had the name of RP's former dog in the message. RP told me that it would have been her 25th anniversay w/RP had she not divorced him 19 years ago. RP also told me about a similar incident that she had reported to the APD in October (081013-044690). Between these incidents and having had a period of appr 15 years w/o contact from RK caused RP concern about what RK's intentions might be. I was also aware that RK had been arrested multiple times in the early 1990s for violating a restraining order that RP had against him. RP was clear that she did not want RK to contact her at her residence, her workplace or by phone, mail or through any other party. RP had gone as far as having a security system installed at her residence because of the anxiety these incidents had caused her. I suggested that RP should explore getting another restraining order against RK. After speaking to RP, I spoke to the officer who had handled the Octolber incident. He had sent RK a written warning for leaving a box of items and a note at RP's house. He had not spoken to RP. I attempted to contact RK at his apt. A phone message and notice to call (door hanger) were left for RK. Shift alert completed. Case continued w/RK to be contacted. NN #9180/mlm.

Supplemental Narrative

F/UP BY SGT. LUND ON 11/15/08: On 11/15/08, I had not been contacted by R. Kettleson. I also learned from Ofc. Rosetti that he had taken another call from RP concerning RK driving past her house (081115-049251). I tried to contact RK at his apt, but was unable to reach him. I then conducted surveillance on RK's VEH. When I saw him leave in the auto, I made a traffic stop on the VEH. I conducted an interview of RK during the traffic stop. RK admitted that he had left items for RP on 10/13/08 and 11/14/08. He also acknowledged driving past RP's house on 11/15/08. I asked him why he was doing those things. RK told me that he was hoping to have contact w/RP again. I explained to RK that RP was not interested in having any sort of contact or relationship w/him. I issued him a written warning for harassing communications and trespassing. RK was asked if he understood the warning. He indicated that he did and signed the warning. I also explained WI's stalking statute to RK. I told him that his course of conduct could be construed as stalking behaviors. After concluding my contact w/RK, I called RP to advise her of what I had learned from RK. RP said that she will proceed w/a restraining order against RK. The notes received by RP from RK were entered into evidence. Incident is now inactive. NN #9180/mlm.

Narratives

Original Narrative — 04/28/2020 14:42:12

OFFICER LEITZINGER REPORTS: On 4/17/09, while working the Downtown enforcement detail with Officer Rice and P/P Agent Miller, we made contact with the DEF after I noticed him concealing what appeared to be a bottle of beer in his left hand and extending up into a long sleeve shirt. After making contact with the DEF, I was able to determine he had a bottle of beer in his possession but it was not open. After releasing DEF, Agent Miller asked me if the individual was Rahb Kettleson. Knowing the DEF from having previous contact with, I told him it was Rahb Kettleson and Agent Miller advised he believed Kettleson was on probation. Officer Rice and I made re-initiated contact with DEF and asked him if he was on probation. During that contact, DEF was agitated and aggressive and said he was on probation. DEF kept making aggressive and assertive movements towards me. He was told several times to back away and to stay where he was at. DEF did not listen to my commands and Officer Rice and Officer Kopesky attempted to detain him at which time

he resisted their efforts to control him. He continued to resist us as we attempted to get his hands behind his back in order to place handcuffs on him. DEF was tased and continued to resist our efforts to handcuff him. DEF was eventually handcuffed and transported to OCJ. DEF was confined at OCJ for disorderly conduct, resisting arrest and probation violation. Incident cleared by arrest. End of report. N #9203/bao

OFFENSE REPORT #LAC09-013736

REPORTING OFFICER: SGT. LEITZINGER #9203

OFFENSE/INCIDENT: RESISTING ARREST
DISORDERLY CONDUCT
PROBATION VIOLATION

LOCATION: 100 Block N. Morrison Street

DISTRICT: Downtown

DATE/TIME OF OCCURRENCE: 04/17/09 at approximately 2339 hours

DEFENDANT: Rahb J. Kettleson
[redacted] DOB: 01/26/58
[redacted]

OTHER CONTACT: Probation and Parole
Agent David Miller

ASSISTING OFFICERS: Officer Kopesky #9132
Officer Rice #9206
Officer Holdorf #9202

INVESTIGATION:

On 04/17/09 at approximately 2335 hours, I was walking on E. College Avenue with Officer Rice and Probation/Parole Agent Miller when I noticed an individual at the doorway of [redacted] When I noticed this individual his back was turned towards us and in his left hand I noticed what appeared to be a beer bottle extending up into the long sleeve shirt he was wearing. As the individual turned towards us he then started walking westbound on the sidewalk and I again noticed what appeared to be a bottle in his left hand. As he was walking away from us I called out to him in order to make contact so I could ascertain what kind of bottle was in his hand and whether or not it was open. At that point, I recognized the individual from having previous contacts with him; however, I could not remember his name at that point. When I asked him to approach us and asked him what he had in his hand, he started to conceal the bottle and turned his body away from us so as not to see his left side and left hand. I asked him several times to show me his left hand and to take the bottle out of his hand so that I could see it. At this point, the individual who was later identified as Rahb Kettleson, the DEF, was becoming argumentative and was refusing to show me his hand. After explaining to the DEF that I was concerned that it was an open container of alcoholic beverages, he eventually showed me what was in his left hand.

In doing so he made a quick motion with his right hand towards his left hand and grabbed the bottle and quickly removed it from his shirt sleeve and extended it out in a quick manner towards my face showing me that it was a bottle of beer and that it was not open. I explained to the DEF that that is all I wanted to ascertain and thanked him for showing me, at which point he then took upon himself to end our contact with him and started walking off in a westbound direction. From my previous contacts with the DEF, I knew that he was an uncooperative individual in the past and because there was no apparent violation, I did not attempt to have him come back to my location to talk to him further. At that point, I turned back towards Officer Rice and Agent Miller, at which

point Agent Miller asked me if the individual I was talking to was Rahb Kettleson. I confirmed with Agent Miller that that was indeed Rahb Kettleson and that I knew him from previous contacts with him. Agent Miller then told me he believed that Mr. Kettleson was currently on probation, at which point Officer Rice and I then started running in a westbound direction towards Morrison Street to catch up with him. By the time we had turned around and started heading westbound, Mr. Kettleson had turned the corner at Morrison and College and started walking northbound on Morrison Street. As Officer Rice and I turned the corner, we called out to Mr. Kettleson to come back towards us so we could speak with him.

Mr. Kettleson complied with our request; however, he was agitated and argumentative and started to raise his voice at us. As he approached us he was very animated with his arms and upper body and walked very briskly up to me. At that point, I put my hand out to stop Mr. Kettleson from getting too close to me and asked him to move back. As I was doing that, Mr. Kettleson was yelling at us saying that he didn't know what the problem was because the bottle was not open. We then asked him if he was on probation, to which he told us he was. He continued to yell and remain animated with his hands moving about his side and in front of him and he continually stepped towards me, at which point I again put my hand up and made contact with his chest and told him to back up. While I was asking him to back up and to remain in a stationary position, I was explaining to him that he was on probation and that he should not have alcohol in his possession. He then told us that he did not have a "no drink clause" and continued to be agitated and aggressive towards us. After several requests for him to remain in a stationary position and to stop advancing on my position, Officer Rice and Officer Kopesky (who had now arrived on scene to assist) stepped in to detain Mr. Kettleson and asked him to turn around and place his hands behind his back. As they did that Mr. Kettleson resisted their efforts by stiffening his upper body and pushing back into them. He also clenched his fists and straightened his arms to make them rigid. At that point, I stepped in and attempted to get Mr. Kettleson's right arm and hand behind his back in order to place handcuffs on his wrists. Mr. Kettleson continued to resist our efforcts, at which point Officer Rice and Officer Kopesky decentralized him to the ground in order to place handcuffs on him.

Once we had him on the ground, we continued to struggle with Mr. Kettleson as he continued to clench his fists and make his arms rigid in an effort to keep us from applying handcuffs to his wrists. Shortly after getting Mr. Kettleson to the ground, Officer Holdorf had arrived on scene and deployed his taser. After the first cycle of the taser had completed, Mr. Kettleson was still resisting our efforts by tensing his entire upper body including his arms and hands. His hands were still clenched as I gave him commands to stop resisting. After our attempts to handcuff Mr. Kettleson failed because of his resistive efforts, Officer Holdorf initiated a second cycle with the taser. At the end of the second cycle we were able to handcuff Mr. Kettleson.

After we gained control of Mr. Kettleson, he was searched and the handcuffs were checked for tightness and double locked prior to placing him in Officer Holdorf's squad. Per department policy, a supervisor was summoned because of the deployment of the taser. Both Lt. Potter and Lt. delPlaine arrived on scene to assist. While Mr. Kettleson was secured in the squad, we were able to confirm that Mr. Kettleson was on probation and a hold was authorized. Mr. Kettleson was transported to the OCJ and confined on one count of disorderly conduct, one count of resisting arrest, and one count of a probation violation. Officer Holdorf did have his mobile vision camera operating during the taser deployment and that VHS videotape from his mobile vision camera was logged in as evidence. A copy of that evidence report is attached to the report.

ARREST/CUSTODY INFORMATION:

Rahb Kettleson was transported to OCJ and confined on one count of disorderly conduct pursuant to WI §947.01, one count of resisting arrest pursuant to WI §946.41(1), and one count of a probation violation pursuant to WI §973.10.

CASE STATUS AND DISPOSITION:

This case is cleared by arrest.

SUPPLEMENTAL REPORT

REPORTING OFFICER: OFFICER KOPESKY #9132

INVESTIGATION:

On Friday, 04/17/09, while working for the City of Appleton as a uniform patrol officer, assigned to the Downtown District, I was wearing complete APD uniform and operating a fully marked APD squad car.

At approximately 2336 hours, I heard Officer Rice #9206, who was walking the avenue, call out for an admin screen at College and Morrison.

I was in the area so I swung by and saw Officer Rice, Sgt. Leitzinger, and the Probation and Parole agent out with a male individual who had long frizzy hair wearing a baseball cap. The male individual was somewhat large in size, approximately 6'2" and approximately 230 pounds. I pulled up along Officer Rice's locate and got out to see if they needed any assistance. I was able to see an unopened beer bottle sitting at the corner of the building and the sidewalk. I was able to determine the reason for contact would have been because of the alcohol to determine if it was open.

As Sgt. Leitzinger was talking with the male party who was later identified as Rahb Kettleson, Mr. Kettleson continued to get extremely close to Sgt. Leitzinger.

Sgt. Leitzinger several times told Mr. Kettleson to stay back; however, Mr. Kettleson continued to step closer and then Sgt. Leitzinger would take a small step back or put out his arm, at which time Mr. Kettleson would stop. Mr. Kettleson also seemed extremely agitated and was yelling at Sgt. Leitzinger.

As Mr. Kettleson continued to step closer to Sgt. Leitzinger, at one point he got extremely close and Officer Rice put his arm up to stop Mr. Kettleson from coming closer. It was at this time that Mr. Kettleson attempted to knock Officer Rice's hand away, at which time I moved in and said that we were going to put him in handcuffs. This was for our safety as well as his.

We then attempted to turn Mr. Kettleson around to stabilize him against the wall so we could cuff him. When we did this Mr. Kettleson continued to try to turn around to face us and would not put his arms behind his back even though he was repeatedly told to do so. Mr. Kettleson was attempting to clench his fists in the front of his abdomen against the wall so that we were unable to remove his arms and put them behind his back. As he was continuing to fight, I decided that I would decentralize Mr. Kettleson to the ground in an effort to control him more effectively down on the ground.

I then put my right arm around Mr. Kettleson's neck so that his esophagus and windpipe were on the inside of my elbow so that I was not cutting off oxygen to him. I then grabbed onto his left shoulder and spun to my left and directed Mr. Kettleson to the ground again in order to control his actions and his resistive behavior as much as I could. Once on the ground, I maintained contact with Mr. Kettleson in order to restrict his movement. Officer Rice and Sgt. Leitzinger then continued to tell Mr. Kettleson to put his hands behind his back, which he would not do.

Officer Holdorf then arrived on scene and after several times of being told to put his hands behind his back, Mr. Kettleson again would not do so, so Officer Holdorf deployed his taser.

Mr. Kettleson continued to not put his hands behind his back even after the first taser deployment was done. Mr. Kettleson continued to fight and ball his hands up in an effort to resist our efforts to take him into custody. Officer Holdorf then deployed the taser a second time, at which time I was able to free up my grip enough to secure Mr. Kettleson's left arm while under power and bring it to the small of his back. Mr. Kettleson continued to resist; however, this time I was able to force his arm to go to the small of his back while he was resisting.

Once in handcuffs, Mr. Kettleson continued to yell and scream saying that he had done nothing wrong and that he had not fought with anybody asking why we had done this to him.

It was then decided that we would stand Mr. Kettleson up so that we could remove the taser probes when he was stabilized against the squad car. Once at the back of the squad car, the taser probes were removed and Mr. Kettleson was placed in the back of the squad car. During the course of the struggle my left knee was scraped and my pants were tore along with my left knuckles.

I asked for restitution for my ripped pants due to Mr. Kettleson's resistive behavior.

SUPPLEMENTAL REPORT

REPORTING OFFICER: OFFICER HOLDORF #9202

INVESTIGATION:

On 04/17/09 at 2339 hours, I was operating in full uniform and in fully marked patrol car, assigned to the Downtown District. My MVC in squad #1017 was operating for the incident.

While on mobile patrol, I heard Officer Rice call out with a subject at the intersection of Morrison and College. Being in the area, I began to head that direction. When I arrived at the intersection of northbound Morrison at College Avenue, I observed three uniformed patrol officers out with a male subject who was extremely upset. I was approximately 100 feet away with my patrol windows in my squad car cracked open and I could hear the male party. I observed the three uniformed officers, Officer Kopesky, Sgt. Leitzinger, and Officer Rice, attempt to detain the subject. When they made contact with him he began to actively resist them and pull away. At this point, the three officers began to direct him to a brick wall to support him and facilitate handcuffing. It was at this time that I activated my mobile video. I crossed the intersection and just as I pulled up the three officers decentralized the subject to the ground.

I exited my patrol car and heard all three officers giving commands for the male party to place his hands behind his back. Sgt. Leitzinger and Officer Kopesky were calling the party by first name, Rahb. I positioned myself on the subject's right side. He was lying on his stomach face down. He had placed his hands underneath his body and refused to comply with commands to place his hands behind his back. I accessed my taser electronic control device. Due to the fact that the subject was actively resisting officers and failing to place his hands behind his back, I gave the audible command of "taser taser taser" and deployed my electronic control device into the subject's upper back. One probe struck the male party in the upper tricep area. The other one contacted him in the middle of the back.

After the five second taser cycle was completed, the male subject again began actively resisting.

Officer Kopesky was able to gain control of the subject's left hand during the struggle. However, he kept his right hand underneath his body. Sgt. Leitzinger immediately gave a command for the party to place his hands behind his back. I also gave a command for the party to place his hands behind his back. His response was, "You never told me I was under arrest." After several more commands for the party to place his hands behind his back, I again activated my taser ECD for a five second cycle. It was during this five second cycle that Officer Kopesky was able to gain control of the party's other hand and perform handcuffing on the ground. The male party was stabilized and asked if he was in need of any medical attention. Lt. Potter was called and arrived on scene to assess the situation. Per APD policy the probes were removed and the male party was searched and placed in the rear of patrol car #1017. He was still extremely upset. He was yelling and screaming and demanding to speak with officers. He was found to be on probation. He was taken to OCJ and detained on a probation hold along with charges of resisting arrest and disorderly conduct.

SUPPLEMENTAL REPORT

OFFICER RICE REPORTING

INVESTIGATION:

On the early morning hours of 4/18/09, I was walking the foot patrol in Downtown Appleton in the 200 block of E. College Ave. with Sgt. Leitzinger and Agent Dave Mueller from the Department of Corrections/Probation and Parole. While walking in the [redacted] Sgt. Leitzinger observed an adult male standing in the doorway to the stairwell leading to an apartment above the businesses in the [redacted] Sgt. Leitzinger stated he believed that the gentleman had a beer bottle in his hand and stated he believed he recognized the gentleman who may live there. Sgt. Leitzinger attempted contact with the man who immediately became agitated asking Sgt. Leitzinger very loudly why we were bothering him and what he had done wrong. Sgt. Leitzinger advised him he merely wanted to see if the beer bottle he was carrying was open and so the man produced the beer bottle from up the sleeve of his sweater and showed that the bottle was not open. Sgt. Leitzinger then told the man he was free to go; however, after he had left, Sgt. Leitzinger and Agent Dave Mueller remembered the man's name to be Rahb Kettleson and he was on probation and possibly having alcohol prohibition as a rule of his probation.

Sgt. Leitzinger and I went back westbound on College Ave. and found Mr. Kettleson walking a short distance north of College Ave. on Morrison St. Sgt. Leitzinger called him by his first name, Rahb, to which he turned around and answered. Upon re-contact, Mr. Kettleson walked toward Sgt. Leitzinger in a very aggressive manner with his shoulders back, broad -chested, walking directly at Sgt. Leitzinger despite his orders for Rahb to take a step back. The beer bottle was removed from Rahb's hands and Rahb was informed that our goal was to find out if his actions by being in possession of alcohol were in violation of his probation. Rahb continued to move aggressively toward Sgt. Leitzinger despite being told multiple times not to and to step back from Sgt. Leitzinger. Rahb escalated his behavior, becoming increasingly agitated and loud as he spoke. At one point, I stepped toward Mr. Kettleson, between him and Sgt. Leitzinger, placing my hand in the front of Rahb's chest. I instructed Rahb to step back and he attempted to push my hand away from him and continued to push into me. At that time, Officer Kopesky was on scene to assist and Officer Kopesky and I moved to take Rahb into temporary custody based on his escalating and aggressive behavior. Before we could inform Rahb what we were doing, he stiffened his arm and immediately tried to pull away from Officer Kopesky and me. Rahb was stabilized up against the wall of the business we were next to in an attempt to get his hands behind his back, which he was refusing to do.

Based on his active resistance and aggressive behavior, Officer Kopesky decentralized Mr. Kettleson to the ground where I continued to try to get his hand behind his back in order to place him in handcuffs. Rahb was ordered multiple times to put his hands behind his back and to stop resisting; however, he continued to tense up his entire body and pull his arm away from Officer Kopesky and me. Officer Holdorf arrived on scene and due to the force with which Mr. Kettleson was resisting us, Officer Holdorf deployed his taser. After the initial cycle, Mr. Kettleson still refused to place his hands behind his back and Officer Holdorf activated another cycle of his taser. We were eventually able to get Rahb's hands behind his back and apply handcuffs securing him in custody. During this time, my knuckle of my middle finger on my right hand was cut and was bleeding. A hole had been torn in the right knee of my uniform pants, injuring my right knee.

Narratives

Original Narrative — 10/31/2019 11:40:23

On 10/29/19 at approximately 1100 hours, the Appleton Police Department front desk received a tip via phone of a possible threat towards the YMCA. The anonymous person heard from a different person that a former employee of the YMCA threatened to get a gun and go to the YMCA. The reporting person (RP) said the male's name was Rob but did not have any other identifying information for Rob. Apparently the RP knew that Rob had worked at the YMCA for nine years before being terminated. Rob had allegedly stated he was fired for no reason when he came into work one day and was upset about that. The RP did not have any further information. Unknown exactly what YMCA Rob had worked at.

I contacted the YMCA Human Resources Department where I spoke with HR Director Sarah Tilkens. I provided Sarah with the information as I did not have any possible suspects at this point. Sarah said she would call me back after she looked into the matter more. Sarah called me back and stated that in recent years they have had 6 people whose name starts with Rob work at the YMCA and leave. Sarah said that five out of six of them left on their own. The other person was an extremely part time casual position whose position was eliminated and was not due to performance. Sarah said this person was there for a lot longer than nine years and the person's direct supervisor called it a positive separation with the employee described as "jovial". Sarah said she had access to all the YMCA's in the Fox Valley. Sarah said Oshkosh was not included in that so she told me she would reach out to Oshkosh YMCA as well. I advised Sarah it may be a good time to speak with employees about situational awareness and look for any unusual behavior by patrons or staff. Sarah was agreeable to this.

Based on the limited information and vague nature of the threat, no further action will be taken at this time.

Case status/Disposition: Closed.

End of Report.

Officer Ryan Peterson

Supplemental Narrative — 11/14/2019 14:54:28 9113 RYAN PETERSON

On November 6, 2019 I received a voicemail from YMCA Executive Director Tom Wendt. Tom told me he was told by his staff about the information I provided. Tom said it did not make any sense to him regarding any of their staff with the name Rob.

Tom did tell me he did have contact with a Rahb Kettleson recently that he thought was some what bizarre. Tom told me Rahb had been kicked out of the YMCA approximately 8-10 years ago due to his conduct. Tom said it was not anything threatening just overall weird. Tom told me one incident where Rahb was spaying people in the sauna area with a hose. These people were not familiar with Rahb. Another instance Rahb began rearranging equipment in the weight room because he did not like the set up.

Recently Rahb had left a voicemail for Tom trying to get back into the YMCA. Tom asked for some references due to his past behavior such as his landlord. At the time, this was agreeable to Rahb. Around November 2nd Tom got a letter from Rahb saying he did not think it was right that Tom was making him do all this extra work to get back into the YMCA. Tom told me that based on the timeframe he thought it was suspicious as it some what coincided with my anonymous tip. I told Tom based on the information I was going to speak with Rahb.

Tom asked that I relay to Rahb that he was no longer welcomed at the YMCA when I do talk to him. I did talk about a trespass ban but after speaking with Tom, it was decided not to issue this since it was unknown if Rahb actually made the threat and to not cause greater problems at the YMCA if Rahb was willing to move on and go to another health club.

On 11/12/19, Sgt. Ollwerther and I did speak with Rahb outside of his apartment. Rahb denied making any threatening comments towards the YMCA. Rahb said that would be stupid of him as he is trying to get back into the YMCA. Rahb said he does not hunt and does not own any guns.

Rahb did tell me he was going through a hard time as he recently lost his job and that is why he wanted to join the YMCA. Rahb did tell me he is [redacted] and is seeing a [redacted] on a regular basis. Rahb said he does not have any close friends or family to talk to but does like [redacted] Rahb did not want to allow us into his apartment.

I did relay to Rahb that he was no longer welcomed at the YMCA. Rahb was upset about this and asked that I talked to Tom to see if there was anything Rahb could do to get back into the YMCA. I told Rahb the decision had already been made by Tom and it was not my place to try and influence that. Rahb did not like this and continued to ask me to speak with Tom. Each time I did explain to Rahb that Tom could make whatever decision about this he saw fit.

I did inform Tom that I made contact with Rahb and Rahb was notified not to come back. I told Tom that Rahb has open source facebook and he could print off a picture of Rahb if he wanted to notify staff so they know who Rahb is. Tom was told to instruct staff to call police if Rahb showed up.

I did check Rahb's facebook account for anything concerning. With what I could view on open source, I did not located anything concerning or threatening. From past in house contacts, Rahb had numerous harassment and other complaints from approximately 10 years ago. Based on my training and experience, it seemed this issues may be [redacted]. Sgt. Enriquez was informed of this case for any assistance he could provide. No further action at this time.

AUDIO/VIDEO: This incident was recorded on my axon body camera.

CASE STATUS/DISPOSITION: Closed.

Narratives

Original Narrative — 01/12/2023 18:21:41

Sgt Peeters reports:

On 1/11/23 at approx 1445 hrs, I responded to JJ's laundromat for a possible harassment complaint. An employee there reports that she was confronted by a customer about a clothing item. She said that a male came in and was asking about whether a black shirt had been found left behind from the day prior. The employee said that she was already in the process of speaking with a different customer and that it took a little longer to retrieve the lost and found to let someone search it, so she asked him to wait just a minute. He became impatient and persisted in asking her about the shirt. After she finished with the first customer, she tried to get soap for a second as that was a much quicker task. The male came around to an opening in the counter and came behind the counter, approaching the employee. She asked him to again wait just a few seconds longer and told him he couldn't be back there. She believed that he was possibly under the influence as well and told him she was calling the police. He then left the business, but she was able to get a plate and vehicle description. She just asked that he be given a no trespass warning.

The R/O of the vehicle was Rahb Kettleson. I phoned the number listed in house for him and didn't get an answer. I left a message with the VM at that number. I informed him of the no trespass order and provided my info so that he could call with any questions or wished to provide any further info. I did not hear back from him.

I advised them of the results, but also that the VM did not identify who the owner of that number was any longer and that it was possible he had not received the message. I advised them that if he returned, they should call us so that we could inform him of their wishes. Axon active.

Narratives

Original Narrative — 07/09/2023 13:16:55

On 07/07/23 I, Sgt. Blake Rice #9206, was working uniformed patrol assigned to Downtown district. I was dispatched for a report of a past tense reckless driving incident that appeared to stem from "road rage". I was able to speak to the victim Yohana, who was operating an involved vehicle, and the vehicle's owner Austin. By phone, Yohana and Austin described that they had been EB on Prospect Ave and had encountered a small blue SUV that had been speeding, attempting to pass, and tailgating. At some point, the vehicle did pass them and stopped in the road blocking their path. The adult male driver, who Yohana described as tall, having dark curly hair and wearing glasses, exited his vehicle and began pounding on their vehicle, attempting to open the driver's door. Austin stated that the male was screaming "get the fuck out" and striking the vehicle.

I later spoke to another witness who had called, Theresa, who stated that she had come upon the incident when the vehicles were stopped on Prospect in the area of Walnut St. She stated that she saw the driver of a blue SUV striking a small occupied silver vehicle and attempting to gain entry. She stated that the silver car backed up and sped around the male, eventually going SB on Oneida. Theresa said that she did not follow the the two vehicles further, and was not close enough to hear what was being said.

Yohana and Austin stated that after they drove away from the male, he followed them for some time, eventually turning off at Lawe St. COA cameras did record the vehicles around each other from Prospect/Mason all the way to Oneida/Olde Oneida. Flock camera was able to capture the license plate of the blue SUV, which returned to the SU Rahb. I attempted to contact Rahb by phone multiple times from blocked and unblocked numbers and leaving voicemail. Rahb has not answered, nor returned my call. I located Rahb's vehicle in a parking lot behind his residence in [redacted] shortly after being dispatched this call. Video was bookmarked and logged.

Based on Rahb's described erratic driving behavior, and his aggressive and threatening actions that clearly disturbed not only Yohana, but also an uninvolved party Theresa, Rahb will be cited for Disorderly Conduct.

07/09/23 I was able to observe Rahb's vehicle leaving his residence and stop him. On contact, Rahb stated "I shouldn't have gotten out of my car" and "I fucked up". Rahb stated he believed Yohana and Andrew were "messing" with him with their driving, and he "just wanted to see who was in the car". I informed Rahb that I would be issuing him a DC summons, which would be mailed to him.

END OF REPROT.

Narratives

Original Narrative — 11/12/2023 08:06:46

On 11/12/23 at approximately 0720 hours, I, Officer Anderson, responded to a disturbance call at Coin Laundry at 1322 E Wisconsin Ave in the City of Appleton, Outagamie County, Wisconsin. I spoke with complainant, Judy Tvaruzka, who reported she went to use a counter that had Rahb Kettleson's clothing on. She used her bag to push some of his items over and Rahb became angry and started yelling at her. Rahb did not threaten Judy. He reportedly grabbed Judy's bag as well. She explained this his behavior was inappropriate (in a public place) and made her and her granddaughter uncomfortable. Nothing physical occurred. Officer Beck spoke with Rahb Kettleson, who was cooperative. He expressed frustration that Judy came in and decided to move his clothing over and spill his coins over when there was plenty of counter space in the laundromat available for use. Both parties agreed to avoid each other and contact was ended.

Narratives

Original Narrative — 04/11/2024 18:20:44

On 4/11/24 at approximately 1741hrs, I was dispatched to make a telephone call to Trisha in reference to a harassment complaint happening at the Outagamie County Democratic Party HQ at 516 W College Ave.

Upon arrival, Trisha informed me she was an employee with the Democratic Party. On the previous Monday, they had a candidate come speak at the College Ave location. One of the members, Rahb Kettleson, was in attendance. When they opened the floor up to questions, Rahb grabbed the microphone and went up to the podium. Rahb took this opportunity to go on a rant as opposed to asking questions. Rahb had to be told several times that he needed to go back to his seat. Trisha thought it took approximately 15 minutes to get the floor back to the candidate.

Trisha was seeking guidance on restricting Rahb from coming back. I explained that APD could contact Rahb and advise him he was no longer welcome. If Rahb returned, he could be cited for trespassing. Trisha told me that she needed to speak with her board to confirm this is something they wanted to do. Trisha advised she would call APD back if further assistance was needed.

Report is for information only.

END REPORT

Sgt. Schneider #9165

Supplemental Narrative **04/12/2024 13:46:52** **9185 MATTHEW PEETERS**

Sgt Peeters reports:

On 4/12/24 at approx 0930 hrs, I was asked to make phone contact with Trisha in order to follow up on her original complaint. She said that after discussing it with the supervisory board, they had decided that they wished to move forward with having a no trespass order issued to Rahb.

I attempted contact by phone and didn't get an answer. I then attempted contact at his apartment and although it sounded like a TV was on inside and possibly someone home, didn't get an answer at the door either. I called the phone one more time and left a VM with my contact info.

At approx 1145 hrs, I got a call back from Rahb. I asked whether he recalled the incident from the meeting on Monday night and he said that he did and he figured that's why I was calling. I explained that he wasn't being accused of having done anything illegal, but that it was being requested he not return to the Democratic Offices. He said that he understood and that it was clear he was not welcome back and he understood he could be cited for trespassing if he did return. Axon was active for my conversation with Trisha and attempted contact by phone and at the apartment. It also was active for my phone conversation with him, however that occurred while transporting a subject on a different, unrelated incident, so that conversation is part of a video labeled with a different incident number.

Sgt Peeters 9185
